

## Finding Doubles

**Materials:** Game Board, Number Cards (1-10), Counters, Math Rack

**How to Play:** The stack of cards is facedown between the players. Players take turns picking a card and doubling that number. Then they cover that number on the game board. Players may use the math rack to help make a double if they need to. The game is over when no more numbers can be covered.

2	12	10	3	9
6	8	11	5	7
9	13	1	4	6
7	10	12	7	5
16	17	18	3	14
15	20	13	2	19
