

Smarter Balanced & CMT Schedule 2017

We have made some changes to this year's testing format, which includes having the LA teachers test in their regular LA classes. Additionally, science teachers will also test in their regular class periods for Science CMT, and both of these changes will now be consistent with SBA math testing. Our dates for testing are noted in the calendar below, and these also include the STAR testing and RLMS's activities, such as field trips, concerts, etc.
