

Welcome to Burr Elementary School

Jason Bluestein, Principal

Burr: A Spotlight on Our Students

By Burr Students Ashley Szabrook and Madison Hutchens

When you walk into the doors of Burr, you see caring personalities and kids with smiles spreading across their faces. When you walk into the doors of a classroom, you see a path to outrageous thoughts flowing into the room. Burr fills buckets of joy. The smiles are contagious and won't ever stop.

If you click on our Virtual Library link you can see all of our projects and fun activities such as Destiny where you can look up all our awesome books in our L&C (Library Learning Center)!

Our teachers and staff do anything to make your child smile and have a great day. You can trust our staff and our students to always make the best choices. Burr is a community of helping, caring, kind people all working together to make learning fun.
