SAVE THE DATES:

2nd Grade Annual State Fair: Friday May 16th, 9:30-10:30, 2nd Grade Annual State Fair - invitation is on our class web page. (Fair will be in progress through 11:15 for Dwight community)

PROJECT ACES - All School Exercise - Wednesday, 5/7 - wear sneakers!

Southport Beach Field Trip - Friday, May 9th. (We'll take as many chaperones as are willing!) (More info in days ahead)

WOW MAY! Can you believe it?

- We're nearing the end of unit 5, with a focus on adding and subtracting within 1000, using an algorithm. This week we'll get to the standard algorithm for addition, which will be familiar to all! 😊

- We're beginning a poetry unit in our Reader's Workshop, beginning with a few days of immersion. The focus of the unit will be responding to poetry; noting feelings/tone/mood, word choice, structure, etc.
- We'll spend one more week with our opinion writing unit. We've edited and revised our UI letters and are sending them to all who might listen. ☺ This week we'll return to writing opinions about books, by choosing one book from this year's many read-alouds, to nominate for an award.
- We've been very busy researching, writing, and creating for our upcoming state fair. The kids love this unit and many are extending their own learning, by choosing to read the wonderful informational texts on the subject, available to them in our classroom, during their independent reading time. I've been teaching this unit for years, and I love when a child comes to me with some new bit of state information. Who knew the state of Utah consumes more Jello than any other state? ☺
- Have a great week.
