## The Singer Hall of Fame

By Ben

The name of my new building is the Singer Hall of Fame. The purpose of my building is to honor all the famous singers. My building will have movies of all their best concerts. It will have a display case of all of their albums. It will also show clips of when they were little and learning to make music with the things around them. This will encourage kids to love being on stage and music. Then you walk outside to see statues of all of the singers. Next you will see pictures of them. Then you look up and will see a microphone and a guitar on the dome. The building will be made of marble. It should fit in because all people should love to sing.

## The Hall of American Dancers

By Carly

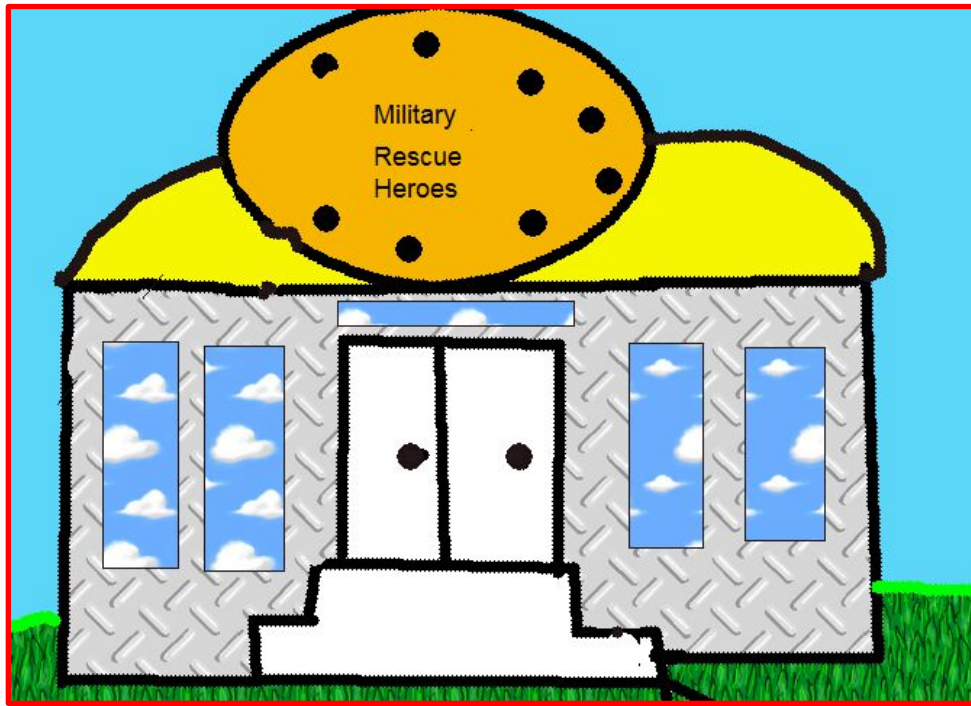

The name of my new building is the Hall of American Dancers. The purpose of my building is for people to come from all over the world to watch performers. There will be long gowns, dresses, and tutus on mannequins on display. There will be a room with a glass case with all kinds of special dance shoes. On the left side there will be pictures of performers. Inside there will be many statues of famous dancers. Lots of famous American dancers' personal things will be everywhere. Outside you will see a reflecting pool with a fountain. It has glass windows and a big sign with its name. I think it would fit in in Washington because everyone should learn how to dance.

## The Medal of Honor Museum

By Cullen

The name of my new building is The Medal of Honor Museum. It is to represent the people who risked their lives in war. You can see pictures of the Medal of Honor people. There will be a guide that is an expert and will talk about each winner and how they got their medal. There will be videos of the Medal of Honor ceremonies. There will be a statue of a Medal of Honor that is a circle that is white inside and in the middle there is a golden person. On the outside of the statue there will be blue triangles.

## The Hall of Rescue Workers

by Drew

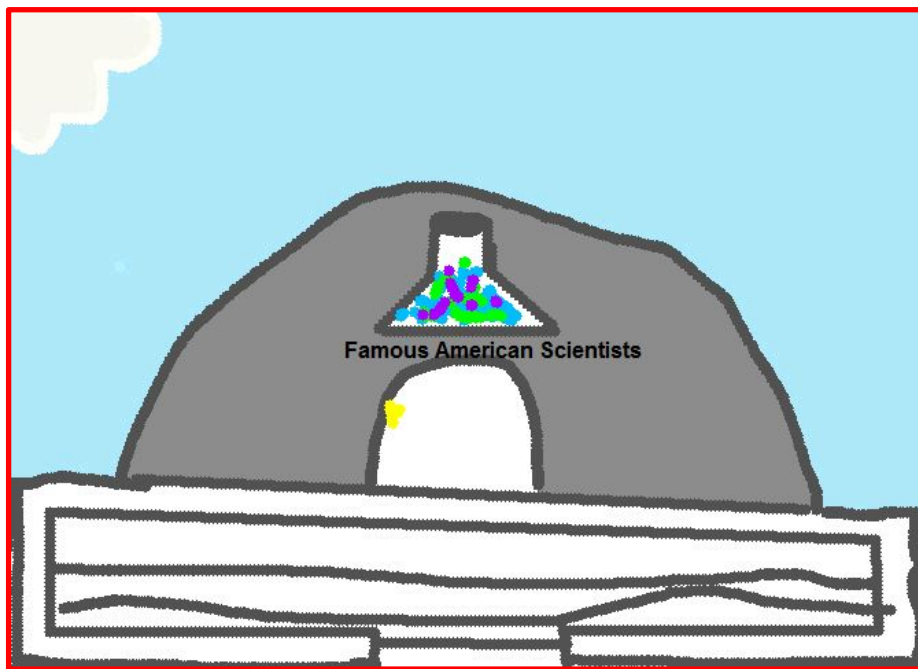

The name of my building is the Hall of Rescue Workers. The purpose of my building is to honor all the heroes who rescued people from danger like floods and hurricanes. There is a room where you can learn how rescue workers train. You can watch videos of real events. There will be a big room with all of pictures of the heroes like policemen, military people and ambulance drivers. In front of the building will be a big medal with the words "rescue heroes" and pictures with each kind of rescue worker on it. There will be 5 big windows and it will be made out of granite. It will also have a big dome and two gates.

## The Hall of Famous American Musicians

By Ellie

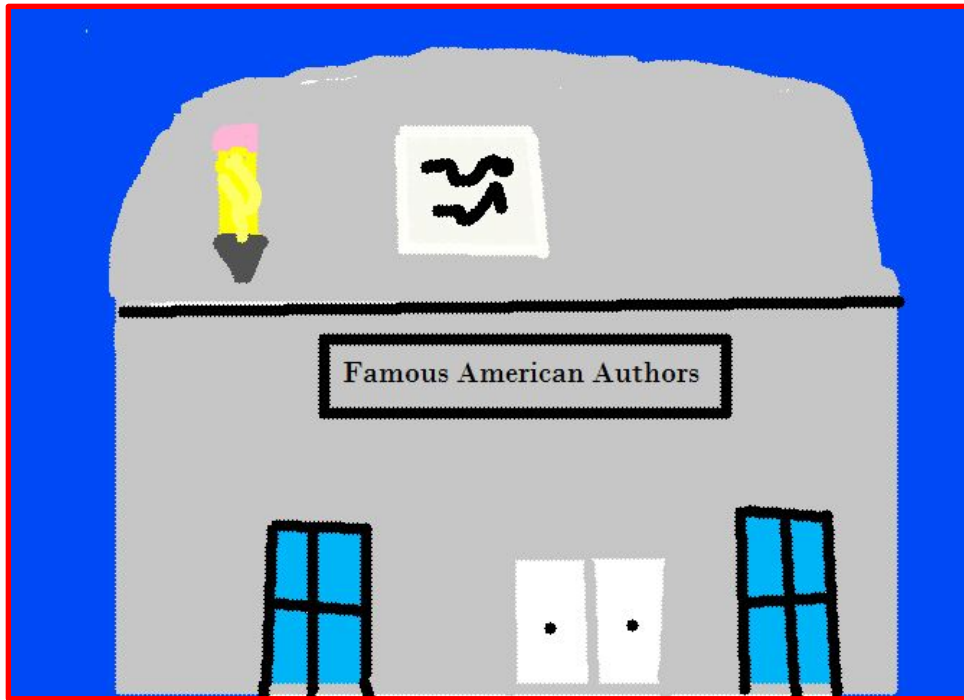

I think we should make the Hall of Famous American Musicians. The purpose of my hall is to represent the famous American musicians. Inside there will be buttons that go to head phones that play all kinds of music. The hall will have instruments on the wall. There will be string instruments you can try out. My symbol will have a heart with a music note. You will see it on top of the hall when you walk into it. My hall will fit in because you can learn about American music. It will be made of sandstone.

## The Dome of Famous American Scientists

By George

The name of my building is the Dome of Famous American Scientists. The purpose of my building is to honor scientists who have done experiments and discovered new things that help us. Visitors would see the gold statues of scientists and see what they have done. They can also watch the videos of their work. The symbol is a beaker that holds chemicals and has a circle of scientists around it. It is to remember the American scientists. There will be words that say "Famous American Scientists." The building will be made out of gray granite. There are 50 stairs going up that represent all of the scientists. There is a wall around the outside.

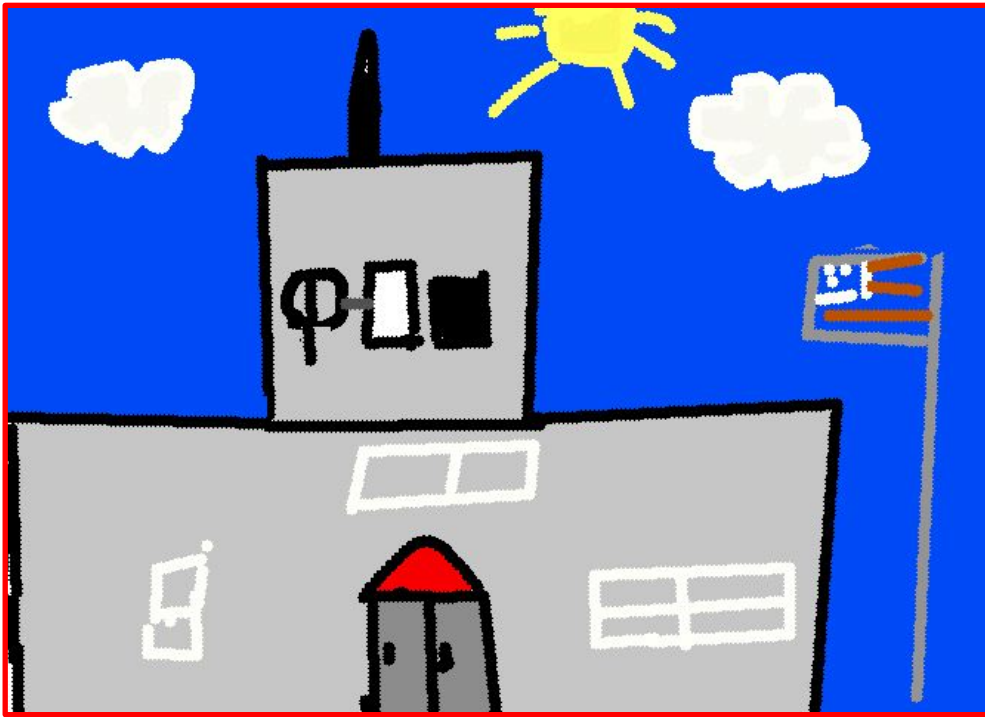

## The Museum of Famous American Authors

By Grace

The name of my museum is the Museum of Famous American Authors. The purpose of my museum is to honor famous American authors. At the museum there will be a room with books that the authors wrote and comfy chairs for reading them. Another room will have statues of the authors writing their books. There will be a room where authors will come in and teach people how to write books. The symbol is a pencil and a piece of paper. My museum fits in because you can learn about authors in America. It is made of white granite with a big dome on the top. The dome is where the symbol will be. There is a reflecting pool in the front.

## The Museum of Famous Speeches

By Henry

The Museum of Famous Speeches will be built to honor famous people. When people visit they will see Abraham Lincoln, Martin Luther King, and John F. Kennedy's speeches. If they put on headphones they can listen to the speeches. The symbol is a sheet of paper and a feather and ink holder.

## The National Firefighter Heroes Museum

By Jack

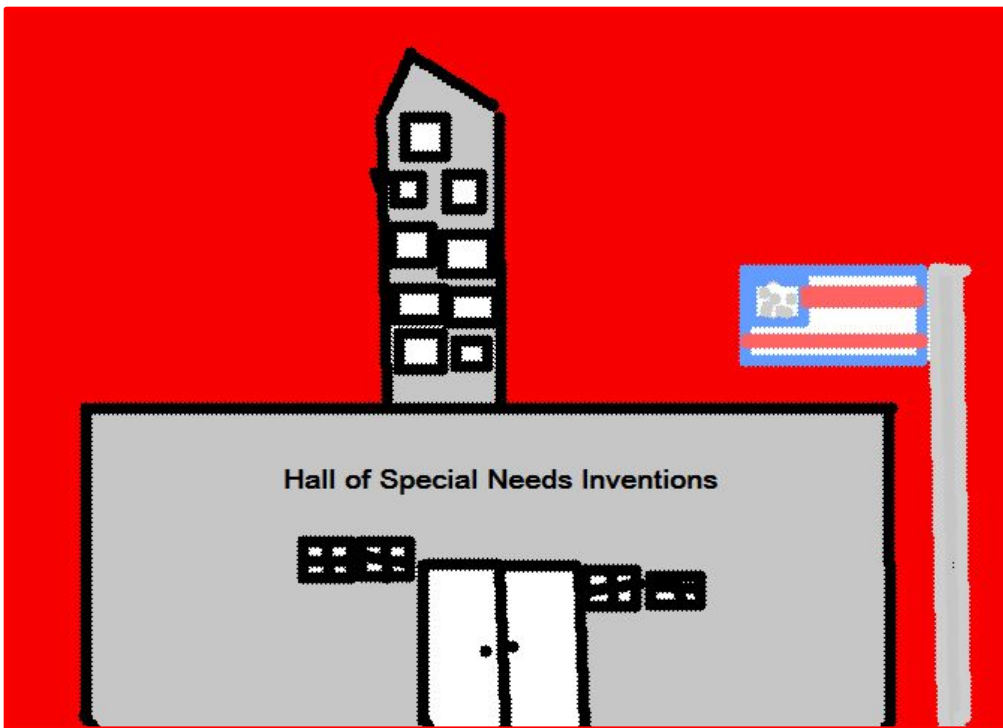

The name of my new building is the National Firefighter Heroes Museum. The purpose of my building is to encourage people to be firefighters and honor them. There will be a room with a movie that will tell you about firefighting. There's also a room where people can control a robot fireman in a fire. You can meet famous firemen and Skype with them. One symbol is three firemen raising the U.S.A flag. My building will fit in with other buildings in Washington D.C. because it honors retired firemen and women and firefighters right now. There is a fountain outside that has a fireman holding a hose that shoots out water. The building will be made out of white brick.

## The Hall of Teachers of the Year

By Jade

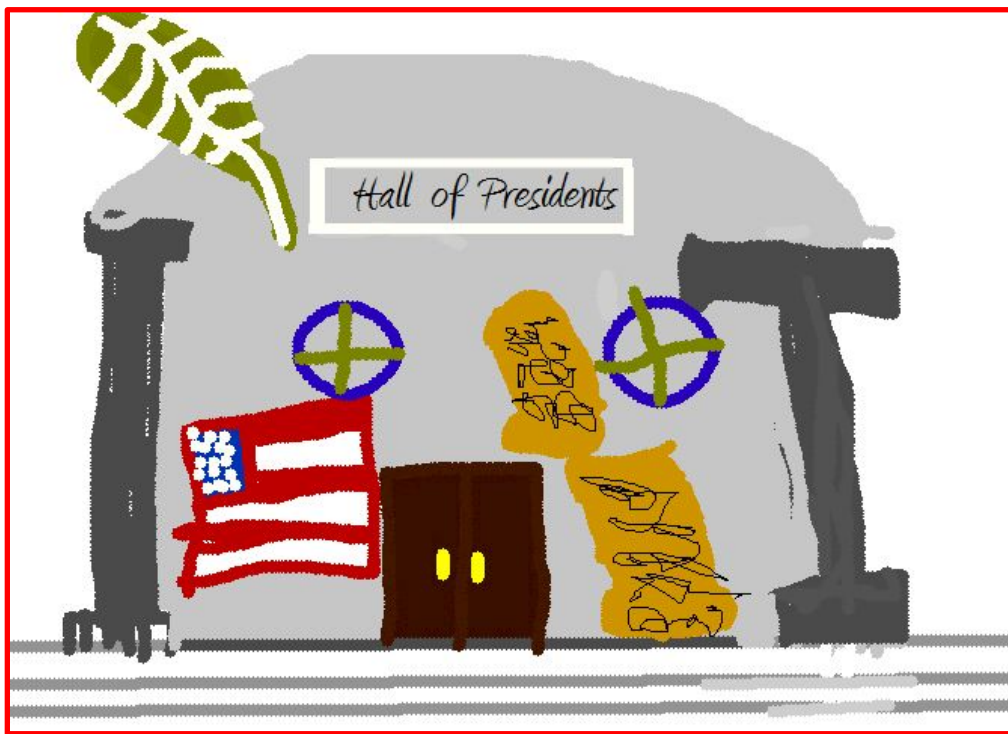

This is the Hall of Teachers of the Year. In the Hall there is a classroom with desks and note books. There is a computer lab to use to help people learn about the teachers. In the library there are books to read. The symbol is a schoolhouse with a rainbow over it. The Hall is made of white bricks and large windows.

## The Hall of Special Needs Inventions

By Liam A.

The name of my building is the Hall of Special Needs Inventions. The Hall of Special Needs Inventions is for people to see and try inventions for people with special needs. You will see stands with displays of inventions. There will be a hands-on room to try and use the prosthetics and other devices. There will be a room with photos of inventors and headsets to hear about their work. The symbol is a circle with two people inside giving each other their hand. My building fits into Washington D.C because it is big and is made out of granite. It has pillars in the front and lots of big windows and the symbol on the top in front.

## The Hall of Presidents

By Liam F.

I'm going to build a Hall of Presidents. It is to honor the American presidents and help us learn more about them. It will be made of white brick. It will have stairs and columns and a dome over it. You will see pictures of presidents and you will see marble statues of presidents. You will see videos of presidents giving speeches. There is a quill pen that is 20 feet tall and stands on the top of the building. It stands for the Constitution of United States and the Bill of Rights. I think that it should be on the Mall because we should honor all the Presidents.

## MUSEUM of FAMOUS AMERICAN OLYMPIANS

By Liam M.

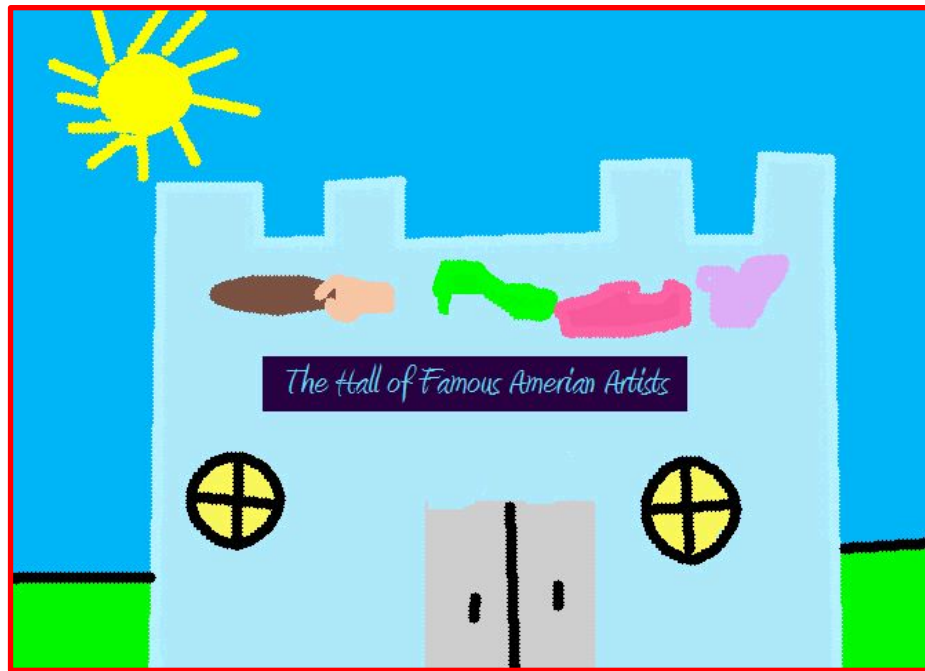

The name of my building is the Museum Of Famous American Olympians. The purpose of my building is to honor the famous American Olympians. There will be exhibits of their actual skis and snowboards. There will be pictures of Olympians and a description about their lives. There will be a reflecting pool with lights of the five rings coming up from the bottom of the pool. There will be a symbol with the Olympic flame and the five rings. My building fits in Washington because Washington represents America and the American Olympians represent America.

## The American Gems and Mineral Museum

By Mimi

The name of my building is the American Gems and Mineral Museum. The purpose of my building is to learn about rocks and minerals that are found in America. There are glass cases on display with gems and minerals inside. There is a touch and learn room and you can use magnifying glasses and tools for experiments. There is a big sculpture of the biggest rock ever found. The symbol is a big blue gem in the middle with lots of rocks and minerals in a circle around it. The building is huge and it is made of granite.

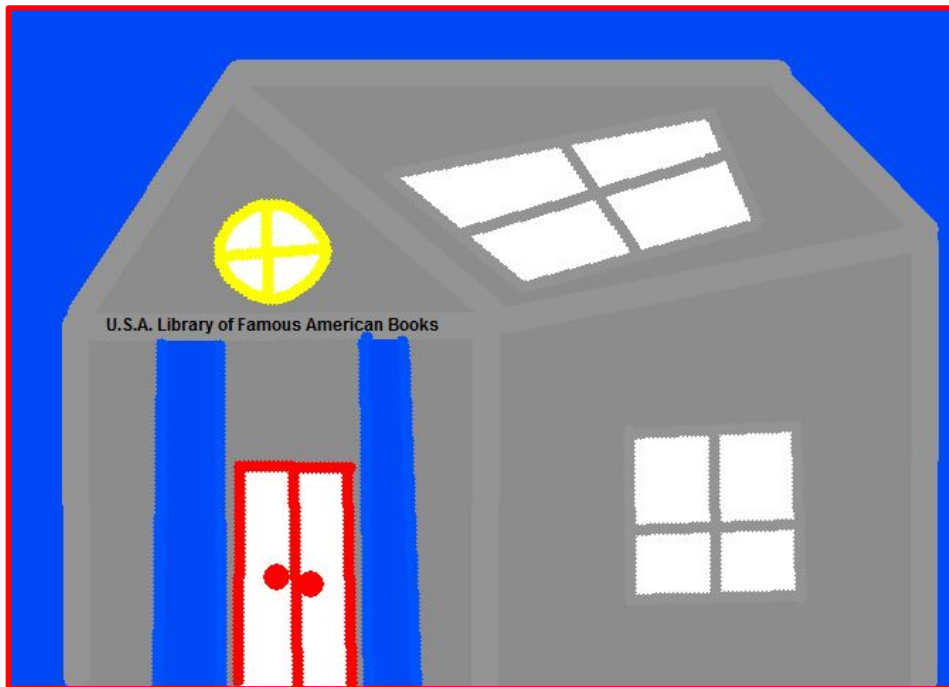

## The Hall of Famous American Artists

By Pearse

This is the Hall of Famous American Artists. The purpose of my building is to honor all the famous American artists. There are statues of all the artists in America. There is a room with movies of artists painting and sculptures you can touch. The symbol is a paint brush and paint. It will fit in Washington D.C. because it is famous for the American artists that did famous paintings. My building is made of limestone. It looks like a castle.

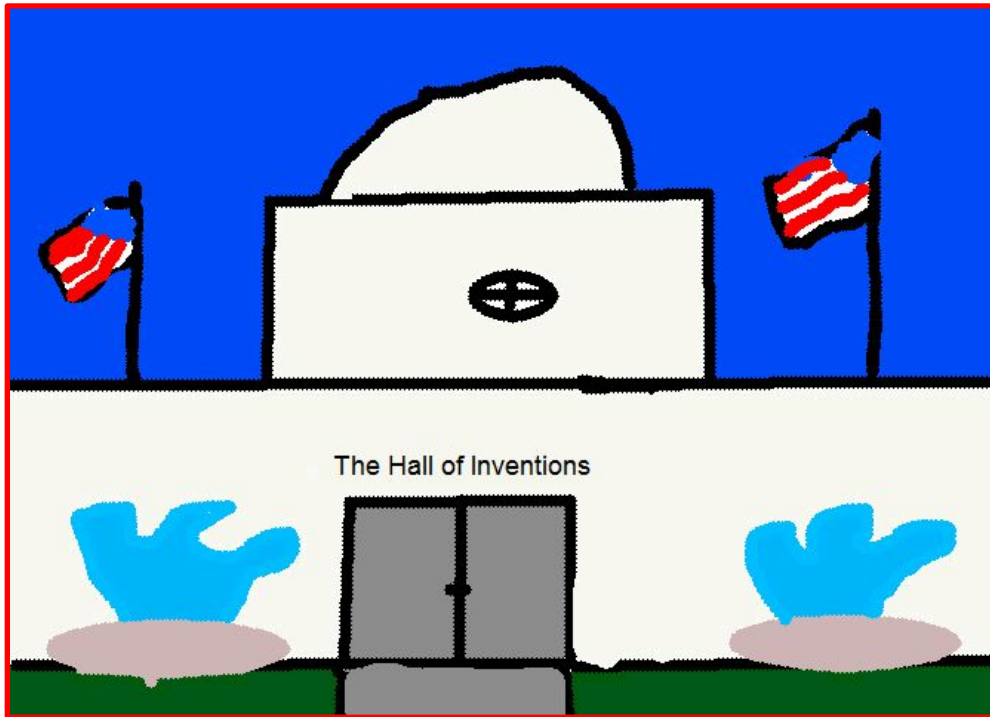

## USA Library of Famous American Books

By Ryan

The name of my new museum is the USA Library of Famous American Books. The purpose of my library is to help people enjoy reading and to see the American award winners. Inside there will be copies of the award winning books for 50 years. There will be a reading room with special chairs that look like a book, to sit on and read comfortably. You can see plays that bring the stories to life. I think kids will read better and enjoy books better if they read here. It can teach them about the history that happened before they were born. The building is made of granite and has columns. There are 50 steps that represent the 50 states award winning books.

## The Hall of Inventions

By Smith

This is the Hall of Inventions for people to see inventions from past and present and to encourage them to be inventors. There will be a room of different inventions like flying inventions and moving inventions. There will be a room with videos of working inventions and you can listen with headsets. There will be a room to try to make inventions. A statue of a double steam shovel stuck together is going to be made out of granite. Outside there will be fountains and the building will be white.

## The Hall of Justices

By Sul-ton

The name of my building is the Hall of Justices. The purpose of my building is to find out all about the Supreme Court Justices. The walls are red, white, and blue. There are photos of all the justices and their families. The symbol is a circle with a court inside. My building will fit in with other buildings in Washington, D.C. because it is made of limestone and has granite walls. It has flags from every state. On top are statues of famous justices.

## The Hall of Famous American Movies

By Taylor

The name of my new building is the Hall of Famous American Movies. The purpose of my building is that you will learn about when the movies were made. Movies entertain us. There will be a lot of famous American movies. There will be a lot of TVs so people can watch the movies in different theaters. There will be a shop of movie food and movie DVDs, where you can buy the movies. In the middle of the Hall there will be a marble statue of a DVD that represents movies. The outside is made of marble. On top there is a dome. There are two wings on the side of the building. There are two sculptures of DVDs on the top of the two wings.
