

Here's what we are up to in 1K this week!

June 6th - June 10th

Reading: This week in Reader's Workshop we will be spending time reading and responding to poetry. You can ask your reader to tell you about what they have learned in our poetry unit!

Writing: We will wrap up our poetry unit in Writer's Workshop this week by putting some finishing touches on poems we have written. The students have loved this unit and have written some amazing poems! You can ask your writer to tell you about some of the poems they have written.

Math: This week in math we will wrap up our unit by counting up on the open number line as a strategy to subtract. We will also be learning what an equal equation is, and how to fill in a missing number to make an equation equal.

Science/Social Studies: We will continue our research on painted lady and monarch butterflies in the LMC this week. Our painted lady butterflies in our classroom are still in their chrysalises. Any day now and they will be beautiful butterflies that we will release into the world! ☺

Word Work: We are continuing to practice all of our word wall words and vowel patterns with some fun games.
