OverDrive Digital Library

The Fairfield Public Schools Overdrive library is available to students in grades 6-12.

Overdrive offers 24/7 access to a curated collection of e-books and audio books. Read in your browser or download the OverDrive app on your tablet, device or phone.
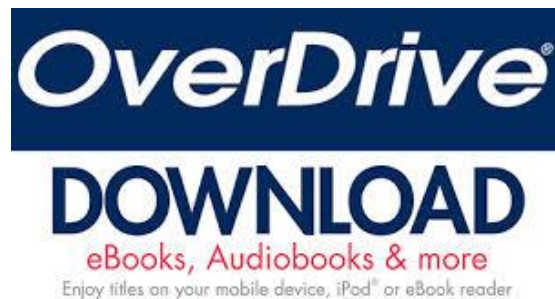

From your browser:

- Go to Overdrive.fairfieldschools.org.
- Select your middle school or high school.
- Enter your student ID number where it asks for library card #.
- Select your book. Choose to read in browser or to download to your device.

From Class Link:

- Go to Classlink.com.
- Log in with your network username, network password, and the code **Fairfield**.
- Click the OverDrive icon.
- Select your book. Choose to read in browser or to download to your device.

From the OverDrive App:

- Download the OverDrive App from your app store.
- Select "Under 13 years old or using OverDrive through your school?"
- Tap the menu on the top of the screen and select "Add a library."
- Follow the directions to select your school.
- Sign in by selecting your school and adding your student ID number.
- Select your book. Choose to read in browser or to download to your device.

DOWNLOAD

eBooks, Audiobooks & more

Enjoy titles on your mobile device, iPod® or eBook reader

What are the differences between eBook formats?

An eBook is a digital book that can be read on a computer or mobile device.

Here are the different eBook formats that may be available when you borrow an eBook from your school or library:

OVERDRIVE READ

- Read in your browser. No software or downloads are required to read OverDrive Read eBooks.
- Reading progress and bookmarks are stored in the cloud, so you can always pick up where you left off no matter what device you're on.
- Most eBooks automatically adjust to fit your screen, but some have a fixed layout (set by the publisher) to better display graphic-heavy eBooks.
- Some eBooks (called OverDrive Read-along eBooks) have professional narration accompanying them.

EPUB

- You can download and read all EPUB eBooks using Adobe Digital Editions (ADE) on a computer or the OverDrive app (for Android, Chromebook, iOS, or Windows 8 and up).
- There are two types of EPUB eBooks: Adobe and Open EPUB.
  - Adobe EPUB
    - Adobe EPUB eBooks are protected by Adobe's digital rights management (DRM) system. These eBooks require you to authorize your computer or device before reading them. Learn more about authorizing your computer or authorizing the OverDrive app.
  - Open EPUB
    - Open EPUB eBooks aren't protected by Adobe's DRM system. This means you don't need to authorize your computer or device before reading them.
    - Open EPUBs can be downloaded to any reading app of your choice (like iBooks or Play Books) in addition to the OverDrive app or Adobe Digital Editions.
- EPUB eBooks automatically adjust to fit screen and allow you to change display options- font size, # columns etc.

PDF

- You can download and read all PDF titles using Adobe Digital Editions. Unlike EPUBs, PDFs are not compatible with the OverDrive app.
- There are two types of PDF titles: Adobe and Open PDF.
  - Adobe PDFs
    - Adobe PDFs are protected by Adobe's DRM system. These eBooks require you to authorize your computer before reading them. Learn more about authorizing your computer.
  - Open PDFs
    - Open PDFs aren't protected by Adobe's DRM system. This means you don't need to authorize your computer before reading them.
    - Open PDFs can be opened in your device's web browser (like Chrome or Safari) or in another reading app (but not the OverDrive app).
- PDFs have a fixed layout, so they don't automatically adjust to fit your screen, and don't allow you to adjust display options like font size. However, you can zoom in on a page or graphic.
- PDFs are often used for graphic novels, illustrated eBooks, textbooks, and other titles with specific layouts.

KINDLE BOOKS: You can read Kindle Books on any Kindle device or Kindle reading app.

- Kindle Books are only available to borrow from U.S. libraries and schools.
- Work like any other Kindle bk from Amazon, but will expire at the end lending period like any library eBook.
