

Graduation

2017

- The final decision on the date of graduation will be made by the Board of Education at its April meeting.
- Traditionally, graduation takes place in the evening of the last day of the school calendar.
- Snow days or any other reason for cancelling classes will likely push the final day, thus the date of graduation, forward with each day of cancellation.
- Headmaster Hatzis will provide parents with details about the event closer to the date.
- Each family will receive six tickets from the school. Tickets are not distributed until the graduation rehearsal on the day of graduation.
