## WELCOMING ACADEMIC RESPECTFUL DYNAMIC ETHICAL

This is the environment, also known as school climate that we strive to achieve for every student, every parent or guardian and every member of our faculty and staff every day. Each of us plays a part in creating this school climate.

We want to learn what you know about our school and to help us learn we are conducting our School Climate Survey. It is a completely anonymous survey. Our goal is to have every parent/guardian at Fairfield Warde to complete the survey.

We are interested in what our parents think about our school climate and we want your thoughtful participation in the survey next week. We often use this information in determining our goals and areas of improvement.

We take the issue of our school environment very seriously and ask that you do the same when completing the survey by Friday December 23, 2016.

## *School Counseling and Career Center News*

**DO WHAT YOU ARE**

Throughout the week of December 12-16, during Social Studies classes with the School Counseling Department, all sophomores and juniors completed *Do What You Are*, a self-discovery personality type assessment. This assessment generated a report that provided students with important information about their personal characteristics. Personality type and career interest survey results reveal which careers and college majors offer the greatest likelihood of success and with these insights prepare students for more educated decision making and goal setting. *We encourage all parents to log onto Family Connection and review these important survey results.*

FLHS & FWHS COLLEGE ADMISSIONS PANEL

**THURSDAY, JANUARY 5, 2017**

**(Snow date: Tuesday, January 10)**

**7:00 P.M. FAIRFIELD LUDLOWE AUDITORIUM**

A panel of six experienced college admissions officers will discuss how various colleges go about the process of selecting their students for admission to their schools. Each will give a ten-minute overview of their institution and discuss how they review applications, the criteria they believe are important, and how they make their final selections to build a class each year.

The six schools represent a very diverse group of colleges. The presenters have experiences at a number of colleges and varied backgrounds. Their comments—while specific to their individual schools—will also give parents and students an insight into admissions at similar schools and the entire application and admissions process.

After their presentations, admissions officers will answer questions from parents and students.
