

APCS Summer Homework

Instructor

Mr. Paul Zhitomi

PZhitomi@fairfieldschools.org

I keep it simple... is the theme

Step 1:

Install Java SDK and JCreator LE, the client we'll be using in our AP Computer Science course.

An YouTube video will guide you through the steps: <https://youtu.be/3ZUyHTwja0o> (APCS - Installing Java and JCreator - mistapottaOHS)

Step 2:

Code and run a Hello World program to ensure that Java is working correctly.

The hello world code is due the first day of class...

Step3:

Enjoy your summer... it goes fast...
