ACT Prep Class Starting in February at Warde - REGISTER NOW

ACT and SAT are very different tests and some students find the ACT a better fit. In general, the ACT is a straightforward exam that is tied more directly to the curriculum taught in school. Questions, however, can be long so being a fast reader is an advantage. There is less emphasis on vocabulary, than on the SAT. The math section tests more advanced concepts - like trigonometry. But, again, questions are very straightforward and not tricky, like in SAT exam. The ACT also has a science section which does not really question your science knowledge, but rather your ability to interpret data provided. The writing section is optional on the ACT, whereas its required on the SAT, although many schools require the ACT writing section. Some schools will waive a required SAT subject test for ACT students. (Some do not, so check college requirements.)

ACT Preparatory Class: Thursdays, 3pm-5pm from Feb. 20- Apr. 10 at Warde HS

To register for the upcoming AlphaPrep ACT class, go to www.alphaprep.com and click on Services tab, then type FPHS in the course code window. Contact Mary Nardone jans1090@aol.com with questions.
