August, 2013

Dear FWHS Students and Parents:

Welcome to the 2013-14 school year. As you read this letter and become familiar with the contents of the *Student – Parent Handbook*, our school staff is busy assuring that the building is ready and attending to the myriad of details for a smooth opening in just a few weeks. We look forward to a busy and productive school year for all of Fairfield Warde's 1430 students.

As we do each year, we commit ourselves to achieving our mission: making FWHS a *Welcoming, Academic, Respectful, Dynamic, Ethical* learning environment for all students. We ask every member of our school community to make that same commitment. We strive to maintain a safe, orderly, and challenging environment in which each individual can learn to his/her fullest potential and in which each individual feels valued and safe.

We provide this handbook as a way of communicating policies, procedures, and other useful and important information about our school with the expectation that students and parents will take the time to become familiar with its contents. Among the keys to a successful school year are knowing and following the rules and taking advantage of available resources. Throughout this handbook you will find much information in these areas; I trust you will find it useful and suggest that you keep it handy for reference throughout the school year. *Accompanying this handbook are important forms (emergency cards, PTA membership info, etc.). We ask that parents complete the appropriate forms and return them to school as soon as possible.*

We look forward to this school year. We urge each member of our school community to do his/her best in the classrooms, in sports, and in school activities so that we can say with confidence and pride that we achieved our mission and that 2013-14 was the best year ever at Fairfield Warde High School.

Sincerely,

James J. Coyne
Headmaster

Absence Reporting

Parents are expected to call or otherwise communicate with their child's house administrative office on each day their student is absent from school, tardy to school or to be dismissed from school. Communication from parents is required for absences to be recorded as excused. For your convenience, each house office has voice mail during non-school hours.

Fitts House: 255-8364 Townsend House: 255-8362 Pequot House: 255-8350

It is essential that the school be informed when a student is absent from class (es) due to illness or other excusable reason so that the student's teachers can be properly informed. Failure to report absences to the school may cause a student to lose credit in accordance with the attendance policy.

Accidents-Accident Insurance

A student accident insurance policy is available through a Board of Education approved agent. Applications and brochures explaining the coverage are distributed to all students at the beginning of the school year. Whenever a student is involved in an accident in the building, on school grounds, or during a school sponsored activity, the student should report this to the teacher in charge or to the school nurse. An accident report must be completed by either the school nurse or athletic trainer and must be signed by the Headmaster for the office files. If this report is not completed correctly, complications regarding insurance could arise. The school does not assume liability for accidents that occur on the school premises.

Activities

Many opportunities exist for students to participate in co-curricular and extra-curricular activities. These extra class experiences are an important adjunct to the instructional program and provide students with opportunities to explore and develop their own interests and abilities. An extensive club program and a comprehensive athletic program exist in the high school. These programs are an important and beneficial factor in high school life. It is our hope that all students will participate. Announcements are made during homeroom concerning try-outs for team sports at the beginning of each sports season. In order to be eligible to participate in after school extra curricular activities such as athletic practices, games, dances or proms, a student must be in attendance for a minimum of four hours on the day of the activity.

Student Activities, Clubs and School Service Organizations meet on alternating Tuesday mornings during activity period beginning at 9:14. Activities are divided into either Group "A", Group "B" or Group "E". Activity orientation will be held in early September.

Student activities begin on Tuesday's after homeroom. All students are encouraged to join an activity and take part in this important part of high school life. If a student has an idea for an activity that they would like to see on the schedule, they should contact the Director of Student Activities, **Seth Fry** in T-35. Rules and procedures for students not involved in an activity during activity period will be explained when school opens in August.

Memberships in Student Organizations:

Membership in student activities and organizations is open to all students. Students may become involved in the Student Forum, Class Government and House Councils. Details about these organizations will be available at the start of each school year.

Student Advisory Program

Beginning in the 2014-15 school year all students at Fairfield Warde will be participating in a monthly activity in their homerooms, known as Advisory Period. These thirty minute sessions will be facilitated by the homeroom teacher and another member of the certified staff and will touch upon a number of important topics. Examples of topics include: goal setting, academic planning and course selection; fostering positive connections among students and involvement in school activities; increasing awareness of school resources; time management and study skills; other issues of relevance to our school climate and to student success. The overall goal of this program, an important component of the state-mandated Student Success Plan, is to foster student success and develop a strong sense of belonging and commitment to our core values for each student at Fairfield Warde. Questions about the program may be directed to the student's school counselor or to Caryn Campbell, Director of Student Services.

In order to be eligible:

- Initial Fall eligibility is determined by passing four Carnegie Units from the previous year's final grades. Winter and Spring eligibility (also Fall eligibility if the team is still playing after 1st MP report cards are issued) are determined by passing a minimum of four Carnegie Units from the 1st, 2nd and 3rd marking period report cards. (Any class that meets 5 days a week is considered a Carnegie Unit).
- A student-athlete may not turn 20 prior to the final day for competition as determined by the CIAC.
- A student-athlete must not have changed schools without a change of legal residence.
- A student-athlete has 4 consecutive years of eligibility from the date of entry into the 9th grade to be eligible for interscholastic competition.

- A student-athlete must not play under an assumed name on an outside team. No student-athlete may receive personal economic gain for participation in any CIAC sport.

Exceptions shall be:

- Participation in parent-child tournaments.
- Individual rules with swimming, tennis and gymnastics.
- The athletic code and requirements for participation and eligibility are in line with those established and governed by the CIAC.

Please consult the Headmaster or Athletic Director for other rules affecting athletic eligibility. In order to be eligible to participate in after school extra curricular activities such as athletic practices, games, dances or proms, a student must be in attendance in school for a minimum of four hours on the day of the activity. If students are absent from school on a Friday, they cannot participate in a Saturday sports game, without expressed permission of the Athletic Director or Headmaster.

Attendance

The purpose of the Fairfield Warde High School Attendance Policy is to encourage school and class attendance in order to have students maximize their educational opportunities. Regular, uninterrupted school and class attendance is essential to successful learning. Students and parents are expected to familiarize themselves with the provisions and procedures of the policy. This policy is under review and will be revised for the 2014-15 school year. The revised policy will be distributed to students and parents at the beginning of the school year.

Board of Education Policies

All Board of Education policies are available for references in each House Office and in the Main Office of the high school and on line at www.fairfieldschools.org.

Bullying

Bullying behavior by any student in the Fairfield Public Schools is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. 'Bullying' means any overt acts by a student or a group of students directed against another student with the intent to ridicule, humiliate, or intimidate the other student while on school grounds or at a school-sponsored activity, which acts are repeated against the same student over time. Students and parents or guardians may file verbal or written complaints concerning suspected bullying behavior, and students shall be permitted to anonymously report acts of bullying to teachers and school administrators. Any report of suspected bullying behavior will be promptly reviewed. If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, consistent with his rights of due process. Board policy 5330 Bullying and its accompanying regulation set forth this prohibition and the related procedures in detail, and are available to students and their parents or guardians upon request and can be obtained on the district website as part of the Safe School Climate Plan. www.fairfieldschools.org.

Formal Complaints

Students and their parents or guardians may file written reports of conduct that they consider to be bullying. Such written reports shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including time and place of the alleged conduct, the number of such incidents, the target of such suspected bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any teacher or administrator, and they shall be promptly forwarded to the building principal or headmaster for review and action in accordance with the Reporting Obligations section below.

Informal Complaints

Students may make an informal complaint of conduct that they consider to be bullying by verbal report to a teacher or administrator. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including time and place of the alleged conduct, the number of such incidents, the target of such suspected bullying, and the names of any potential student or staff witnesses. A teacher, other professional employee, or administrator who receives an informal complaint shall promptly reduce the complaint to writing, including the information provided.

Such written report by the teacher, other professional employee, or administrator shall be promptly forwarded to the building principal or headmaster for review and action in accordance with the Reporting Obligations section below.

Anonymous Complaints

Students who make an informal complaint as set forth above may request that their name be maintained in confidence by the teacher(s) and administrator(s) who receive the complaint. Should anonymity be requested, the principal, headmaster, or designee shall meet with the student to review the request for anonymity and the impact that maintaining anonymity of the complaint may have on the investigation of the complaint and possible remedial action. At such meeting, the student shall be given the choice as to whether to maintain the anonymity of the complaint. Anonymous complaints shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of bullying.

Cafeteria & Courtyard Rules

Students have two important responsibilities while eating in the school cafeteria: To remove any tray and other material at their table and to conduct themselves appropriately and respectfully at all times. All forms of ball and Frisbee playing are prohibited. Behavior considered irresponsible may result in the suspension of cafeteria-courtyard privileges. Throwing snowballs, ball playing, throwing a Frisbee, horseplay, gambling and all forms of card playing are prohibited anywhere on school grounds.

Calculators

Graphing calculators are essential to graphing functions, learning new concepts, and solving many complex mathematical problems in all of the math courses. Furthermore, the use of graphing calculators is permitted and in some cases required on the CAPT, PSAT, SAT, AP Calculus and AP science tests. It is beneficial that students are familiar with this calculator well before these exams. We recommend that students purchase a Texas Instruments TI 83+ or TI 84+ calculator because it is the model regularly used in classroom demonstrations. If a student is unable to purchase a TI 83 or TI 84 graphing calculator, FWHS owns a limited number of these calculators, which may be borrowed in the same manner as a textbook. If it is lost, stolen or damaged during the school year, the student will be charged to replace it. See a math teacher with any questions.

Cancellations and Delayed Openings

School cancellations and delayed openings because of weather conditions will be made on local radio stations and on a recorded telephone message – 255-TALK. A delayed opening means that school will begin **two** hours (at **9:30** a.m.) after the regular starting time. Students are to report to homeroom first then follow the usual rotation of classes for shorter than usual periods. Parents can sign up for cell phone or email notification through the internet at on the Infinite Campus portal.

Cell Phones: Promoting an Improved Environment for Learning

The goal of this policy is to allow the appropriate and thoughtful use of cell phones and other electronic communication devices in a manner that contributes to a school environment that is free of disruption and which fosters learning for all.

Guidelines:

- Follow rules and guidelines established by each teacher for that teacher’s class
- Avoid texting while walking between classes. This causes “traffic jams” in the halls, occasional accidents and tardiness to class.
- Ringers are to be off at all times during the school day
- Refrain from text messaging other students when they are in class
- Use the photo and video features of these devices only with the express permission of a teacher, dean or administrator
- Be aware of the impact of a cell phone on the learning environment at all times during the school day and be thoughtful in its use
- Use of phones to share information about tests and other assessments is a violation of the academic integrity policy and is strictly prohibited.

Other considerations for a learning environment free of disruption:

- Speak in low tones when in hallways during class periods.
- During unassigned periods congregate only in approved, designated areas; no roaming
- Do not interrupt teacher’s class for any reason; meet with teachers by appointment.

Cheating/Academic Integrity – See Conduct Page 11.

College Visits

Seniors may be excused from school for college visits provided advance arrangements are made with the housemaster or dean. Such absences will count toward loss of credit and will be recorded as excused only when a parent calls in advance.

Computer Network Code of Conduct

Parents may choose to deny their students access to the internet via the school’s network. This may be done by filing written notice or filling out the card included in this mailing. Without written notice it will be assumed that the student has permission to use the school’s network and expected that the student will comply with the policies and practices that govern use of the school’s network. Each time a student logs onto the district network he/she will be required to comply with the FPS Acceptable Use Guidelines. For the detailed policy on Student Internet Use, see Board of Education Policy 6417.

Internet Use Agreement

We are pleased to offer students of the Fairfield public school district access to the district computer network. Access to the internet will enable students to explore thousands of libraries, databases, and bulletin boards throughout the world. Families should be warned that some material accessible via internet may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. While our intent is to make internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe the benefits of accessing the internet in the form of information resources and

opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media information sources. To that end, the Fairfield public school district supports and respects each family's right to decide whether or not to consent to access.

District Network Guidelines

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school and district rules for behavior and communications apply.

The network is provided for students to conduct research. Network access is given to students who agree to act in a responsible manner. Access is a privilege, not a right. Access entails responsibility. Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor the agreement. The district is not responsible for restricting, monitoring, or controlling communications of individuals utilizing the network.

Network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should have no expectations of privacy in their electronic files stored on Fairfield Public Schools computers.

The Fairfield Public Schools intends to provide a tool for educational activities. Any forum for discussion must be curriculum-related, teacher-selected, and teacher-monitored. During school, teachers of younger students will guide them toward appropriate materials. Outside school, families bear the same responsibility for such guidance they exercise with other information sources such as movies, telephones, radio, and potentially offensive media. Students using the district network agree to the following:

- I will not use obscene or defamatory language
- I will not harass, insult, defame, or attack others
- I will not damage computers, alter systems or networks
- I will not violate copyright laws
- I will not access offensive messages or pictures
- I will not use another's password
- I will not give out my name, address, or phone number
- I will not trespass in other people's folders, work, or files
- I will not intentionally waste limited resources
- I will not employ the network for commercial purposes

Violations may result in loss of access as well as other disciplinary or legal action.

Note:

- In compliance with the Children's Internet Protection Act, the Fairfield Public Schools has adopted internet safety policies and filters access to "inappropriate" materials online.
- Students will be held accountable to the network code of conduct as outlined above. A student will be allowed access to the resources listed above unless you, the parent, provides the headmaster with a written letter *by Friday, September 12, 2014*, asking that the student be prevented from using the internet at Fairfield Warde High School. This can also be done by completing and signing the "opt out" form that accompanies the *Student and Parent Handbook*.

Conduct

Students and staff have the right to expect mutual courtesy, fair and equitable treatment and to be informed of their rights and responsibilities. In all cases, the rights of students will be preserved and protected. Basic student responsibilities include following an assigned schedule, completing assigned work, and obeying all school regulations as well as all local, state and federal laws.

Those students who infringe upon the rights of others, abuse the dignity of students or employees through insulting, harassing, bullying, or inappropriate or degrading remarks or conduct because of race, color,

ethnicity, religion, gender, sexual identity, appearance or disability are subject to disciplinary action. The disciplinary actions possible include removal from class, detention, probation, loss of privileges, Saturday detention, suspension from school or expulsion.

For the welfare and safety of everyone in the school community, fighting, possession or use of alcohol or illegal substances, possession or use of fireworks, acts of vandalism, gambling, throwing of snowballs, body piercing and all forms of card playing are prohibited. Defiance of school staff and/or school policies is considered insubordination and will result in disciplinary consequences.

General Conduct

The rules of this school include proper conduct anywhere in the school building, on school grounds and at school sponsored activities. Students at Fairfield Warde are expected to conduct themselves in a respectful and ethical manner at all times.

Serious infractions of school rules may result in suspension in and/or out of school and/or expulsion from school. These infractions include, but are not limited to, the following:

- Vandalism
- Theft
- Possession of weapons or facsimiles thereof
- The possession, use, sale, or distribution of alcohol, drugs or drug paraphernalia
- Physical fighting or assault
- Abusive language
- Insubordination
- The possession, use, sale, or distribution of fireworks
- Threatening, intimidation, harassment, bullying, or other unacceptable behaviors deemed disruptive to the school environment
- Gambling, all forms of legal or illegal gambling including card playing and sports betting
- Repeated infractions of school rules

See appendix for BOE Policy 5119 Student Discipline-Suspension/Expulsion for additional details

Violations of local, state and federal laws may result in suspension, expulsion and/or referral to Fairfield Police.

Students that are suspended from school are not allowed to be on school grounds. Also they may not participate and/or attend school sponsored events during the length of their suspension.

The length of suspension varies with the severity of the incident. State law supports suspension up to 10 days per incident and allows for possible expulsion from school. A suspension may be expunged from a student's record under certain circumstances and if it is the only suspension a student has had in his/her first 3 years at FWHS. A student may request an administrative review for the purpose of expunging a suspension from the record from the high school headmaster with the understanding that this review will not occur before the second semester of the student's junior year.

In-School Suspension Location P-40

- Students must report to in-school suspension before 7:30 a.m. with all textbooks, materials and supplies for the day.
- Students are required to stay on task and to follow rules established for ISS.
- Students who miss in-school suspension due to an excused absence are required to make up days missed in ISS.
- No unexcused tardiness is permitted. Students later than 15 minutes will be assigned to Saturday detention.

Students assigned to in-school suspension must leave campus immediately after dismissal from school. Students are not permitted to participate in any school sponsored activities during the period of their suspension.

Academic Code of Conduct

Plagiarism – the Fairfield Public Schools comply with all copyright laws; plagiarism in the academic environment is strictly prohibited.

Cheating or plagiarism of academic work will result in no credit for the material. Parents will be notified.

ACADEMIC INTEGRITY POLICY

As a learning community of students, parents, and faculty, we all must accept responsibility for establishing and maintaining an ethical climate of academic integrity at Fairfield Warde High School. The Academic Integrity Policy assures that consistent and appropriate measures are taken to address offenses to academic integrity.

Academic dishonesty at Fairfield Warde High School is defined as, but not limited to:

- Using or possessing unauthorized notes or electronic devices during a test or quiz.
- Copying or possessing another student's work during a test or quiz.
- Sharing answers during a test or quiz.
- Giving information to others who have not taken the test or receiving information from those who have.
- Copying another student's class work or homework or allowing your work to be copied.
- Plagiarizing another person's work from any resource (periodical, book, internet, fellow student, older brother or sister etc.) and submitting it as one's own.
- Plagiarizing by paraphrasing or using parts of another person's work (ideas, text, images, etc.) without citing it as a resource in context or in a footnote.
- Using an electronic, computer-based, or Internet site and/or program translator for the purpose of completing any written or oral class assignment including homework in a world language class.

Note: Sharing ideas in a group as directed by the teacher is not academic dishonesty.

Conduct at Athletic Contests

At all athletic events, we expect good sportsmanship, which includes courtesy to the opponents, respect for their cheering section and support for our own team-win or lose. All school rules are in effect at all athletic contests home or away.

Conduct on School-Sponsored Trips

Students on a school-sponsored trip represent the school and should behave appropriately. They must go, remain and return with the group. All school rules remain in effect on field trips.

Dances

- School dances are private social events and no tickets can be purchased at the door.
- No student or guest will be permitted to re-enter after leaving the dance.
- A student or guest must be at the dance within thirty (30) minutes of the beginning of the event.
- Every FWHS student attending a school dance must be a member in good standing.
- All dances will begin no later than 8 p.m. and end no later than 11:00 p.m.
- Students must be in attendance at school on the day of the event in order to be eligible to attend.

As with any school-sponsored event, all students are expected to follow all school regulations or be subject to disciplinary action.

The Fairfield Board of Education Policy #5145AR requires all students who attend school dances to pass an alcohol screening test by the use of breathalyzers as a criteria of entrance. A breathalyzer will be used at all school sponsored dances and proms.

Detention

Students may be detained after school by individual teachers, a dean or a housemaster for infractions of rules and regulations. Students are responsible for their own transportation arrangements.

Driving on School Grounds/Student Drop-off Area

The drop off area for students is located in the circle near the front entrance to FWHS by the flag pole. Access to this area is from Melville Avenue. School buses enter the campus from Knapps Highway. Buses drop off and pick up students near the entrance to the gym. All drivers are advised to comply with the established traffic pattern and regulations for the safety of pedestrians and drivers on and around school grounds. Parents are requested to use the front of the school for pick up and drop off- not the rear of the school near Fitts House.

Drug and Alcohol Policy

Possession or use of drugs, alcohol or associated paraphernalia, being under the influence of alcohol/drugs during school and/or school activities, or any time on school property, including school bus transportation are violations of school policy and the law and will result in suspension and/or arrest. Disciplinary consequences for violating this policy will be as follows:

- First Offense.....five (5) days suspension*
* may be reduced by up to one (1) day if student and parents participate in a Saturday morning session with the Student Assistance Counselor.
- Additional Offense...(Cumulative over 4 years) Maximum of ten (10) days Suspension and recommendation for expulsion.

Connecticut General Statute Section 10-233(d) requires that expulsion be recommended for students who are distributing or selling controlled substances on school grounds or at any school-sponsored activity.

Early Dismissals

- **Inclement Weather** – If it is necessary to close school early due to inclement weather, a decision will be made by **11:00** a.m. The scheduled dismissal time is 11:45 a.m. and will be announced on local radio stations or parents may call – 255-TALK to hear a recorded message. Parents can register for cell phone or e-mail information via Infinite Campus.
- **Personal** - Students needing to leave school early must have a parent or guardian call the house office or present a note from their parent or guardian to the secretary located in the house office at the beginning of the school day. If necessary, a pass will be issued to the student to be released from class. A pass will be issued to permit the student to leave school grounds. Upon returning to school, the student must sign in with the secretary in the house office. Failure to follow this procedure constitutes leaving school grounds without permission. See “Leaving School Grounds”.
- **Waiting for a Ride When Being Dismissed Early from School:** Students who depend on a ride to leave school grounds during the school day must meet their ride at the flag pole in front of school. Students must instruct the person who provides the ride to meet them only at the flag pole. Students will wait for their ride in the main lobby outside the Main Office.

Emergencies and Emergency Information

In the case of an in-school emergency, it is critical that FWHS has all necessary emergency information to reach a parent or guardian. Parents/Guardians must submit a new emergency card each year for each student. It must be completed and returned at the start of school but no later than September 10th to the Main Office. Only emergency messages from parents/guardians will be forwarded to a student.

Field Trips

Students and teachers plan field trips as an extension to classroom learning. Often class trips take students away from their other class periods during the school day. While these are excused absences, students are still responsible for making up all assignments from classes missed. Students must follow school rules when on field trips. Financial assistance may be available by contacting the student's school counselor or a school social worker.

Fines/Financial Obligations – see Obligations pg. 19

Fire Drills

Fire drills are conducted under the supervision of the faculty and administration. Each student should become familiar with exit directions from each room scheduled during the day. The fire drill directions should be followed quickly and quietly. All students must promptly leave the building and not return until an all clear signal is given.

Forgery

Students who forge or alter school passes, parent notes, or other documents or otherwise attempt to deceive school personnel, by impersonating a parent via a phone call will receive disciplinary consequences which may include Saturday Detention and/or Suspension.

School Counseling Services

Three School Counselors provide an array of services to students in each house. Students are assigned to a counselor upon entering FWHS and remain with that counselor until graduation. Each counselor delivers a Developmental School Counseling Program that is sequential in nature. This approach allows for the delivery of individual, small group and classroom sessions on topics such as: Career Exploration, Post High School Planning, Personal/Social Development and Academic Counseling. A variety of assessments are used to help determine students' strengths and preferences for career and college choices. Individual and group meetings with every junior and his/her parents to further explore post high school options and to continue to develop individual plans are also offered. In addition, Counselors offer individual, group, and parent meetings to finalize plans during senior year. Included in this planning process is an orientation in the use of a variety of Internet accessible college and career programs. Students may use these programs here at school and can access them from home as well. Several evening and day programs are also offered such as: our Junior Post High School Planning Program, Financial Aid Night and our 9th and 10th Grade Parent Programs. Every student also receives a Post High School Planning Guide from his/her counselor to address the many aspects of this complex process.

The counselors also assist students in the course selection process each year, advising them on the proper courses for their post high school options and assisting in the development of each student's schedule of courses for the school year. In addition, the school counselors are available to assist students and families with any academic or social issues that may be impacting student learning. Counselors regularly meet with students to discuss academic progress, transition and adjustment to high school, social progress and difficulties, and any other issues raised by students and their families. Students may make appointments to see their counselor through the School Counseling Office secretaries. Parents may also call the School Counseling Offices at any time to schedule an appointment to see their student's counselor. The counselors

are also a valuable referral source for students and families who may need additional assistance or who wish to seek assistance privately.

College Career Resource Center P-38

The College and Career Center is a valuable resource for students in making their post high school plans. The Center operates during the school day and is staffed by a full-time staff member. The center is a library of college, career, military, and job information. Additionally, there are several computers available to students or parents to access the various Internet programs available to perform searches for post high school planning information. The Counselors initially take students to the CCC to orient them on the various resources available. Students, however, may use the center during any of their free periods.

Each year, several hundred college, private school, military and job service representatives visit the College Career Center to speak with students about their schools and programs. These visits are posted weekly and students may attend during free periods or with a pass from a teacher.

Counseling Center Room T-32

In addition to the services offered by the School Counselors based in each house, the Counseling Center offers a wide array of support services to our students and families who are experiencing difficulties that have impact on a student's academic success. Staffed by School Psychologists, Social Workers, and a Student Assistance Counselor, services include short and long-term counseling, individual, group, and family counseling, substance abuse counseling, parent support groups, and referral services to community resources. Students may make appointments through their school counselor or by stopping into the Counseling Center directly. Parents and families may also make appointments by calling the Counseling Center directly.

SRBI - Scientific Research- Based Intervention

Each house has an SRBI Team, comprised of counselors, administrators, and teachers. The teams meet on a regular basis to assess student progress and plan interventions and referral services for students and families. The goal of the team is to provide services and programs to all students, families, and staff that may prevent problems from developing or provide pre-referral strategies to all.

School Crisis Team

A Crisis Team composed of administrators, teachers, counselors, and community resources, deal with any emergency or crisis situation that may arise during the year. In the event of a sudden death, a community or national tragedy, or other urgent or traumatic situation, the School Crisis team will meet to discuss an appropriate response by the school community.

Hazing Policy

The Fairfield Public Schools prohibit any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student for the purpose of initiation or participation in a school activity.

Hazing is prohibited whether it occurs on or off school grounds and whether it occurs during, prior to or after the athletic season or school day. Any hazing activity, whether by an individual or a group, shall be presumed to be a forced activity, even if the student willingly participates.

All coaches and advisors are required, prior to commencement of their athletic season or activity, to meet and explain this policy to all participants. In the event that a coach or advisor becomes aware of any violations of this policy, it must be reported immediately to the building administrator.

If a student believes that hazing has occurred, the student shall promptly report this incident to a coach or advisor, counselor or administrator. This information must immediately be brought to the building administrator. The building administrator will conduct a comprehensive investigation. All information will be held in strict confidence.

Consequences for hazing activities may include, but are not limited to: cancellation of remainder of team schedule, suspension or removal from team/activity, suspension or expulsion from school, and/or legal prosecution. (5131.91)

Health Services Room C41 203 255-8358 Fax 203 255-7257

All 9th grade students are screened for vision problems and scoliosis. Parents are contacted individually if there is a concern in either of these areas. In addition, students in grade 10 are required to have a physical exam sometime during their sophomore year (unless there is a documented physical from the last school year on their health record). **This physical must be dated 8/15/14 or after.** Parents whose children need a physical will be notified by mail in October and reminded again in January. Failure to comply with this will prevent a student from entering his/her junior year, so parents are urged to contact their health care provider for an appointment as soon as possible. School physicals are available on a limited basis to those who meet financial eligibility guidelines.

The Town of Fairfield asks our nursing staff to keep statistics on communicable diseases within our school. Student names are not reported to the Health Department. Parents are asked to inform the House Office or the Nursing Office if a student has contracted a communicable disease (i.e. mono, strep, conjunctivitis, bronchitis, etc.). Please feel free to call the nursing office with any questions.

Medications may be administered in school by the nurse or by the student only with proper authorization. Any medication administered by the nurse or self-administered by the student in school requires appropriate pharmacy containers and specific forms. These forms are available by calling the nursing office or by downloading the forms from www.fairfieldschools.org/schools/fwhs.

Physical forms for sports participation are also available for downloading at this website. Physical exams for sports are good for 13 months from the day of the exam. An updated exam is required at that time and students are not allowed to participate until a new exam is submitted. Parents may contact the nursing office at any time to check the date of the last exam on record in the school.

Students are required to submit Emergency Cards each year to assist staff in reaching parents or a designee in case of emergency. Completed cards must be returned to school at the opening of the school year. Please inform the health office of any changes during the school year. Be advised that we contact only those names given by parents in case of an emergency.

- **Dental Clinic** – The Town of Fairfield Health Department provides teeth cleaning and topical fluoride treatments by a dental hygienist for all students meeting income guidelines. Additionally, limited funding for eligible students who are Fairfield residents is available for care by participating dentists for problems such as cavities or tooth extractions. If you wish to apply for cleaning, fluoride treatments, or dentist services for your student, complete the Dental Clinic Application included in this booklet and return to the School Nurse by the September 10, 2014.

Homebound Instruction

If parents anticipate that a student will be absent for medical reasons for three weeks or longer, they should consult or contact the counselor in advance of the period of absence or, in emergency situations, as soon as possible after the absence begins to see if the student is eligible for homebound instruction. The counselor will inform the parents of the details of the required medical documentation.

Homeroom

Students are required to attend homeroom where official daily attendance is recorded and information is communicated. Failure to be on time or to attend homeroom will result in disciplinary action.

Identification

Each student will be issued a Fairfield Warde High School ID Card that will serve as a bus pass, library card and student activity card. Replacement ID cards cost \$5.00. Students should keep the card in their

possession and are required to present it when asked. Students failing to identify themselves upon request are considered insubordinate and will be subject to disciplinary action.

Students are expected to meet appointments and obligations during these unassigned times.

An application for free or reduced-price meals is available in the Main Office, on the District website and included in this Student Parent Handbook mailing. It may also qualify a student for assistance for field trips and testing fees.

The Fairfield Public Schools has implemented an electronic process for students to purchase food in the cafeteria. Students may pay cash or parents may set up pre-paid accounts for the purchase of school lunch. This may be done on line at MyPaymentsPlus.com or by phone at 1-866-875-6833. There is a 4.75% per transaction fee for this electronic payment to cover bank fees. Regardless of payment method, student ID cards are needed for students to purchase food in the cafeteria. Parents with questions about the payment plans or the food service program may call the Food Services Department at 255-8370.

Searches

Searches of a student's person, personal belongings, and vehicles parked on school grounds or at a school activity, and/or school lockers are conducted when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. This may include but is not limited to the possession of drugs, alcohol, dangerous weapon, stolen property, etc. Whenever a dean or school administrator has reasonable suspicion to conduct a search, it is the school's expectation that the student will consent to the search. Failure to cooperate with a search may be considered insubordination and the student will be subject to disciplinary consequences.

Security

The Security Office is located in the Townsend House corridor, T-38. The security staff will assist students with parking complaints, thefts and identification cards. In order to provide for a safe environment for all, surveillance cameras are used throughout the building in common areas such as the library, halls, cafeteria, parking lot and other areas outside the school building.

Sexual Harassment

It is policy of the Fairfield Public Schools to maintain a working and learning environment free from harassment, insults or intimidation on the basis of sex or sexual orientation. Sexual harassment is against the law and school district policy. Complaints should be referred to the Title IX Coordinator, Caryn Campbell Director of Student Services, Seth Fry Athletic Director or to the Headmaster. **Definition:** Sexual Harassment is unwanted sexual attention from peers, subordinates or supervisors, customers, clients or anyone the victim may interact with in order to fulfill job or school duties, where the victim's responses may be restrained by fear or reprisals. The following behaviors are grounds for disciplinary action:

- Abusing the dignity of a student or staff member through insulting or degrading sexual remarks or conduct.
- Threats, demands or suggestions that a student or staff member's status is contingent upon their tolerance or acquiescence to sexual advances.
- Retaliation against a student or staff member for complaining about the behaviors described above. (Board of Education Policy #5544)

Smoking Policy/Smokeless Tobacco/Electronic Cigarette Policy

The Fairfield Board of Education, in accordance with legislation passed by the State of Connecticut, prohibits smoking by anyone in the school and on school grounds at any time, before, during, or after school. The use of chewing tobacco or snuff and E-cigarettes is also prohibited anywhere on school grounds, both in the school building and outside the school building. Connecticut Statute Section 1-21b also prohibits smoking in town buildings.

Violations of the Smoking/Smokeless Tobacco/Electronic Cigarette Policy will result in the following consequences:

1 st Offense	Saturday Detention
Additional Offenses	Saturday Detention and/or In-School Suspension

It is the intent of the high school administration to continue a program of education in our health classes pointing out the serious health hazards of smoking and addiction to tobacco. In addition, a smoking cessation program is offered several times during the year during school hours for students who wish to give up smoking. This program is sponsored by St. Vincent's Hospital. See the Student Assistance Counselor in the Counseling Center for more information on Smoke Cessation.

Soliciting and Selling of Any Item or Service

Soliciting, ordering, arranging for delivery to school, buying, distributing or selling of any item *including food* or service on school property is prohibited. Students and organizations wishing to sell any item or service on school property must get prior approval from the Activities Director.

Standards for School Dress

In the interest of supporting the learning environment in and out of the classroom by minimizing distractions, FWHS has established a standard for student dress. The goal of the Dress Standard is to encourage dress that reflects an attitude of respect for oneself and for everyone in the FWHS community.

The following guidelines will contribute to the safety and comfort of all members of our school community as well as prepare students for higher education and the professional world:

- Clothing that promotes or depicts alcohol, drugs, tobacco, violent behavior, or sexually explicit, suggestive, degrading words or pictures are prohibited.
- Clothing should cover undergarments and should provide appropriate coverage at the midriff and neckline.
- Clothing that is too revealing or otherwise detracts from our educational environment will not be permitted.

Student Government

- **Student Forum**-As a student organization, the Student Forum serves to sponsor school activities and to further unity and citizenship within the school. All of the meetings are open, and all students are urged to attend to voice their opinions and ideas. Every student attending high school is eligible for membership in the Student Forum.
- **House Councils**- Each house also has the opportunity to elect homeroom representatives for house councils.
- **Class Governance**- Each class has a class council and faculty advisor(s) who conduct business for the benefit of the class. Meetings are called as needed. All students can participate in class meetings.

Student Records

In accordance with federal and state legislation, student records are available to parents and to students who have reached the age of eighteen. It should be noted that only essential educational information is kept in students' files. Requests for a review of records should be directed to the student's counselor. The Family Education Rights and Privacy ACT (FERPA) specify rights related to educational records. This act gives the parent or guardian the right to:

- Inspect and review the child's educational records;
- make copies of these records;
- receive a list of all individuals having access to those records;
- ask for an explanation of any item in the records;
- ask for an amendment to any record on the grounds that it is inaccurate, misleading, or violates the child's rights; and
- receive a hearing on the issue if the school refuses to make the amendment.
- Questions or requests regarding student records should be directed to Caryn Campbell, Director of Guidance and Pupil Services.

Study Halls

All freshmen and sophomore students are scheduled for study halls when they are not assigned classes or lunch. Students must attend study halls and they are expected to use the time productively. Attendance is mandatory and failure to attend study hall will result in disciplinary action. Any student wishing to leave study hall for academic or school related purposes must obtain a pass from the appropriate school staff member and must arrive on time to study hall to present the pass to the study hall teacher prior to leaving. The pass must be returned by the student to the study hall teacher signed by a staff member to verify that the student went to the appropriate location/activity indicated on the pass.

Thefts

All thefts should be reported immediately to school security personnel in their office located in T-38 in the Townsend House corridor. Lost or stolen items are not the responsibility of the school.

Statement of Non-Discrimination and Title IX

The Fairfield Public School system does not discriminate against anyone based on race, color, religion, sex, sexual orientation, national origin, disability, marital status, or age. In order to protect and insure compliance with the law, Fairfield Warde High School has appointed two members of the staff as coordinators of Title IX, Title VI and Section 504.

Truancy

A student who has four unexcused absences from school in one month or a total of ten unexcused absences from school in one year is considered a truant. The policies and procedures included in Public Act 90-240 may require the Superintendent to file for each truant a written complaint with the Superior Court. See *full Attendance Policy (Board of Education Policy 5112)*

Vandalism/Damage to School Property

Intentional destruction of personal or public property is prohibited. Students will be disciplined and billed for all damages.

Visitors

All visitors are required to sign in at the Main Office and obtain a Visitor's Pass. The administration reserves the right to deny a visitor's pass. Casual visitors from other towns or schools are not allowed and will be prosecuted for loitering or trespassing.

Student visitors are only allowed for those who are considering enrolling at FWHS. These visitor requests must be in writing and must originate with the school counselor and receive approval from the housemaster or dean. Student visitors for social reasons are not permitted.

Weapons

The safety of all students is our highest concern. Therefore, students who bring to school, threaten to bring to school, use, sell or attempt to sell a firearm, deadly weapon, dangerous instrument or facsimiles of weapons will be suspended from school and reported to the Fairfield Police Department. State law specifically prohibits such behavior. Such behavior may result in expulsion from school for a period of up to, but not exceeding, 182 school days (10-233a[e]).

Fairfield Warde High School

Attendance Policy 2014-15

The primary goals of Fairfield Warde High School Attendance Policy are to promote regular attendance and prompt arrival to all classes and to foster responsible decision-making by all students. Students and parents are expected to familiarize themselves with the policy and the associated procedures. Parent support of good school attendance and of the school's attendance policy is critical to student success. Any question regarding this policy or about a student's attendance may be addressed to the student's dean or housemaster.

The school's attendance policy and its implementation through the new software, Infinite Campus, is currently under review. The revised policy will be explained and distributed to students and their families at the beginning of the 2014-15 school year.

The Fairfield Board of Education's Policy # 5112 can be found in the appendix of this handbook. Please refer to this policy for detailed information about the definitions of excused and unexcused absences as well as the State of Connecticut's definition of truancy.

Fairfield Public Schools
High School Physical Education Program and Policies

➤ Our Vision for Physically Educated Persons

All children and youth will display the skills and practices of a physically active lifestyle, knowing the benefits of their choice to be involved in physical activity. They will be physically fit and have a mindset that values physical activity and the benefits in sustaining healthy lifestyles.

Statement of Purpose: The high school physical education program aims to educate students to be healthy and active throughout their lives. The focus of the high school physical education program is to motivate and educate all students to their highest level of academic potential and to teach them the skills and knowledge necessary to lead a physically active lifestyle. The program aims to develop young people who will enjoy being active and who believe in the relationship between physical activity and a healthy lifestyle.

➤ **Course Offerings**

The program offers students a variety of choices that develop skills, concepts and physical activity experiences, which are designed to enhance the cognitive, motor, affective and physical development of each individual.

Aerobics	Floor Hockey	Soccer
Archery	Golf	Softball
Badminton	Kin-Ball	Strength and Flexibility
Basketball	Lacrosse	Team Handball
Cooperative/Team Games	Pickleball	Tennis
Fitness	Pilates	Ultimate Frisbee
Flag Football	Power Walking	Volleyball
Flag Rugby	Self-Defense and Safety	Yoga

In addition all Grade 10 students must prepare for and complete the Connecticut Physical Fitness Assessment

1. Grading Policy

90% of the physical education grade is based on the following criteria: effort in class, preparation for class, attendance, attitude and behavior.

10% of the student's grade is based on their performance skill assessment/fitness.

- **Preparation** 0 = unprepared
 1 point available 1 = Prepared

- **Effort** 2 = participates to the best of ability
 2 points available 1 = participates, but with minimal effort
 0 = did not participate in class

- **Attendance** 1 = on time and participated in class
 1 point available .5 = late to class but participated
 0 = did not attend class

- **Attitude/Behavior** 1 = No behavioral concerns and excellent sportsmanship
 1 point available 0 = behavioral or sportsmanship concerns

2. **Class Make-Up Procedure**

Students must make arrangements to make-up classes and complete their obligation within 4 classes of the absence. Students are expected to make up all excused absences. Students cannot make up unexcused absences and may only make up 1 unprepared (not changed for class) absences. Student should make-up class in the same activity and with the same teacher when possible. Students receiving an incomplete on their report card must make arrangements with their teacher to make up any necessary classes within the first three weeks of the next marking period. If classes are not made up within the three week period the incomplete grade will change to an F.

3. **Dress Requirements**

Students are required to change from school clothes (those worn to school) to “activity clothes” for each physical education class. T-shirt or sweatshirt, athletic shorts or sweat pants, socks and tied sneakers are required for class.

4. **Medical Excuses**

It is the student’s responsibility to report to their physical education teacher at the beginning of their medical excuse, in order for it to be accepted. If the medical excuse extends past the current marking period, it is the student’s responsibility to once again, report to the new marking period physical education teacher at the beginning of the marking period and inform them of the medical.

Failure to follow these procedures will result in unexcused absences.

Short Term Medical (less than an entire marking period): Student’s must still attend their physical education class.

Long term medical: Students that are medically excused for the entire marking period will be assigned to a study hall by their guidance counselor after reporting their medical excuse to their physical education teacher. Note: Only a medical doctor and not a physical therapist or chiropractor can medically excuse a student from physical education.

5. **Attendance**

Physical Education will follow the school attendance policy. The student will lose credit in the course when absences **exceed six** for the marking period. (Pending appeals board review)

Important: A student may not pass physical education even though their attendance qualifies them for credit. Any student who fails physical education does not receive credit.

6. **Additional Information**

- Athletes are expected to participate in all their physical education classes following the department policies. Failure to do so will result in the athlete not being eligible to participate in that day’s athletic competition. (See page 2 in the athletic handbook)
- When an athlete on a medical for physical education gets clearance from their doctor to resume participation on their athletic team, they must resume participation in their physical education class.
- The locker rooms are not a secure area. Students must lock up all personal belongings in a locker before reporting to class. Students should see the physical education staff to make arrangements for a lock and locker.

APPENDIX

Students

Attendance, Excused Absences and Truancy

ATTENDANCE

5112

Connecticut state law requires parents/guardians to cause their children, ages five through eighteen inclusive, to attend school regularly during the hours and terms the public school is in session. Parents/guardians or persons having control of a child five years of age have the option of not sending the child to school until ages six or seven. Mandatory attendance terminates upon graduation or withdrawal with written parent/guardian consent at age seventeen.

A student is considered to be “in attendance” if present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion should always be considered absent. A student not meeting the definition of “in attendance” shall be considered absent.

Classroom learning experiences are the basis for public school education. Time lost from class is lost instructional opportunity. The Board of Education requires that accurate records be kept of the attendance of each child, and students should not be absent from school without parental knowledge and consent.

Excused Absence

For absences one through nine, an absence shall be considered “excused” when a child does not attend school and appropriate documentation is provided by the student’s parent/guardian approving the absence, due to:

- A. Illness or injury,
- B. Death in the immediate family,
- C. Religious obligation,
- D. Court appearance,
- E. School sponsored activity,
- F. Lack of transportation that is normally provided by a district other than the one the students attends, (This reason does not require documentation.)

Students

Attendance, Excused Absences and Truancy

ATTENDANCE

5112

- G. An emergency, or
- H. Other exceptional circumstances and extraordinary educational opportunities pre-approved by a District administrator and in accordance with SDE guidelines. Written excuse for such absences should be submitted to school officials by the child's parent or guardian. All other absences with or without written explanation shall be considered unexcused.

A student's absence from school shall be considered unexcused unless:

- A. The absence meets the definition of an excused absence and meets the documentation requirements; or
- B. The absence meets the definition of a disciplinary absence, which is the result of school or District disciplinary action and are excluded from these State Board of Education approved definitions.

When the school in which a child is enrolled receives no notification of the child's absence from a parent/guardian or other person having control of the child a reasonable effort shall be made by school personnel to notify by telephone, email, or mail such parent/guardian or other person having control of the child.

Unexcused Absence

Board policy with respect to unexcused absences stresses prevention and inquiry leading to remediation of absences. The schools will make all reasonable efforts to keep parents/guardians and students informed as to attendance problems and will make all reasonable efforts to help students improve their attendance when such improvement is warranted. Only when all local resources are exhausted is referral to legal authorities recommended.

A student's absence from school shall be considered "unexcused" unless the absence meets the definitions, listed above, for an "excused" absence, including the documentation requirements; or if the absence is the result of school or District disciplinary action.

Students

Attendance, Excused Absences and Truancy (continued)

5112

Release of Student During School Day/Dismissal

The Board recognizes the need for students to be in school for the full instructional day. It is encouraged that early dismissal should be requested only in emergency or unusual situations.

Request for release of a student during the school day originating outside the schools must be handled by the administration to ensure maximum provisions for the safety and welfare of the student.

Students who become ill during the school day may be excused by the school nurse. School personnel will notify parent/guardian to arrange transportation.

No student may be permitted to leave school at any time other than at regular dismissal without the approval of the student's parent/guardian. If a court official with legal permission to take custody of a child, or if a police officer arrests a student, the parent/guardian should be notified of these situations by the administration.

Truancy

The Board of Education must provide each child with a continuing education which will prepare the student to assume adult roles and responsibilities. Therefore, regular attendance and punctuality are expected from all children enrolled in our schools. By statute, responsibility for assuring that students attend school rests with the parent(s)/guardian(s) or other person having control of the child. Every effort must be made to keep absences and tardiness to a minimum. To assist parent(s)/guardian(s) and others in meeting this responsibility, the Board of Education has developed the following procedures regarding students ages five (5) to eighteen (18) inclusive.

1. Notify parents/guardians or other person having control of each child enrolled, ages five (5) to eighteen (18) inclusive, in writing, of the obligations of the parents/guardians pursuant to student attendance (C.G.S. 10-184).
2. Obtain from each parent/guardian or other persons having control of an enrolled child a telephone number or other means of contacting such parent/guardian or other person during the school day.
3. Establish a system for monitoring student's individual absences/tardies.
4. Notify, by telephone, email, or mail the parent(s)/guardian(s) or other such person(s) whenever a child fails to report to school on a regularly scheduled school day and no indication has been received by school personnel that the child's parent/guardian or other person is aware of the student's absence.
5. Identify a student as "truant" when the student has four (4) unexcused absences in any one month or ten (10) unexcused absences in any school year.

Students

Attendance, Excused Absences and Truancy (continued)

5112

Truancy

6. Hold a meeting with appropriate staff and the parent/guardian or other person having control of the child identified as a “truant” within ten (10) days of such designation to review the reasons for the truant behavior and to evaluate the situation.
7. Referral will be made to the PPT to determine whether or not an educational evaluation is appropriate, prior to filing a written complaint with the Superior Court.
8. File a written complaint by the Superintendent with the Superior Court alleging that the acts or omissions of any child identified as a “truant” are such that the student’s family is a “family with service needs” if the parent or other person having control of the child identified as “truant” fails:
 - a. to attend the required meeting to evaluate why the child’s truant or
 - b. to cooperate with the school in trying to solve the truancy problem.

Provide for the coordination of services and refer enrolled students who are truants to community agencies providing child and family services.

A student who is identified as a “truant” may be subject to the following consequences:

- A. Promotion to the next grade may be contingent upon the student successfully completing a summer school program
- B. The student may be retained in the same grade in order to acquire the skills necessary for promotion to the next grade level

The following is excerpted from Fairfield Board of Education Policy # 5119 Student Discipline – Suspension/Expulsion. FAMILY LIFE AND SEX EDUCATION 6221

The Board of Education recognizes that helping students attain a mature and responsible attitude toward human sexuality is a continuous task of every generation. Parents or guardians have the primary responsibility to assist their children in developing moral values. The schools should support and supplement parents or guardians' efforts in the areas of family life and sex education by offering students factual information and opportunities to discuss concerns, issues, and attitudes inherent in family life and sexual behavior, including traditional moral values.

To comply with the provisions of the No Child Left Behind Act, the Superintendent will, in writing, notify the professional staff of the federal requirements concerning sex education and the prohibitions and restrictions concerning distribution of contraceptives or materials that encourage sexual activities. The District will comply with federal guidelines concerning age appropriate sex education.

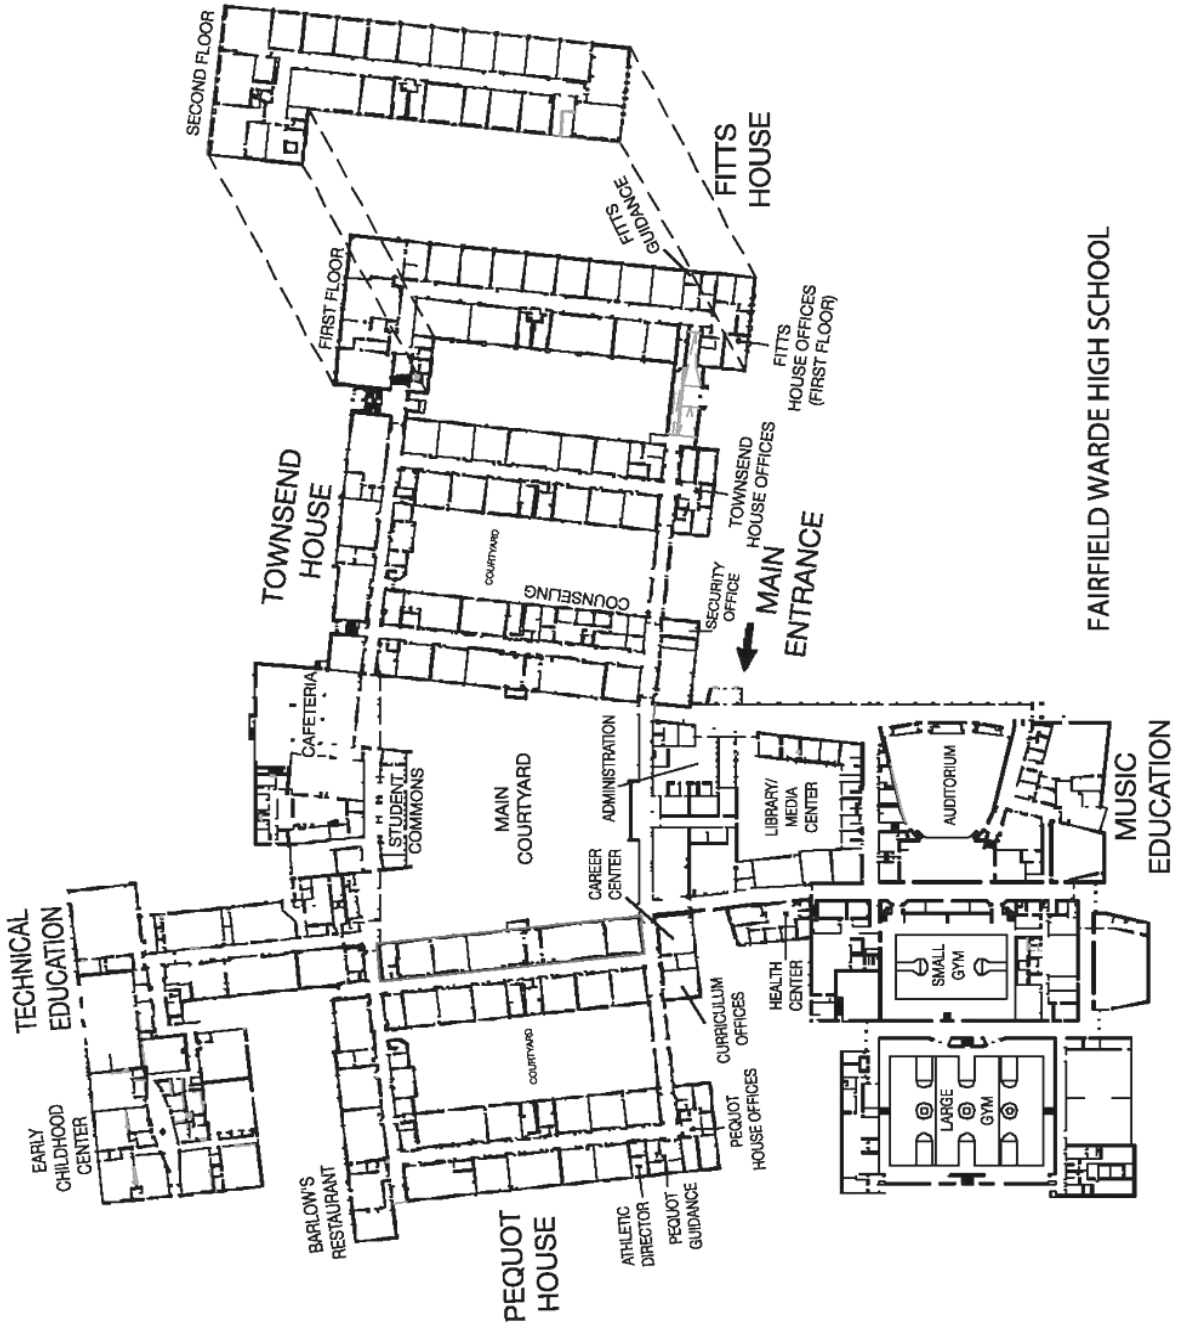

The Citizens Family Life Committee, established by the Board of Education, assists the staff in planning, developing and monitoring the family life and sex education curriculum. It will also serve as a resource for evaluation and ensuing recommendations. The committee shall be advisory to the District Curriculum Committee and shall work in cooperation with the Superintendent or designee.

Students and parents or guardians shall be informed annually of their right to exempt the student from the family life curriculum.
