## Women's Choir Recommendations

Ladies who are currently in Women's Choir can and should re-enroll for next year. Have Mrs. V-F sign your form.

**Concert Choir ladies:** to be recommended for Women's Choir, students from Concert Choir must have earned at least a C+ on their Mid-Term exam. (This is generous!!!)

Additionally, students need to have demonstrated throughout this school-year that they can sing consistently on pitch with a good tone, hold to their part when harmonizing, contribute to the choir's progress both in rehearsal and during performances, and are responsible both with work completion and their schedule.

If a student has not demonstrated all of these criteria, or if Mrs. V-F is not immediately sure that Women's Choir would be an appropriate level for them, she will ask them to schedule a time to sing for her outside of class to gather more info.

### To sign up for Women's Choir....

1. Approach Mrs. V-F with your schedule sheet in hand and tell her you'd like to join Women's Choir.
2. She will either sign it, recommend you take Concert Choir again, or schedule a time to hear you sing individually.
