

Dear Eighth-Grader,

WELCOME TO TEAM C!

Congratulations! You are now the "senior class" at the Woods! We are looking forward to an exciting year and to working with you to make this important part of your middle school experience challenging, rewarding, successful, and fun. The beginning of the school year makes many students a little anxious, which is why we want to let you know we are here to make your transition to 8th grade as smooth and worry-free as possible.

When you return to school, you will receive detailed information about academic expectations, responsibilities, and team policies. The purpose of this letter is to welcome you to our team, introduce your four core academic teachers, and provide you with some helpful information as you prepare for the transition back to school.

- monitor your academic progress
- and much more!

If your Infinite Campus account is not active or does not have your up-to-date e-mail address, please contact the school.
