

Name:

2015-2016 Teacher:

Holland Hill Math Challenge Log

Grades 3-5

Keep a log of the math you do during the summer, including the time you spend on your Summer Math Packet. Have your parent(s) sign each week. Remember to keep track of the minutes spent doing something mathematical and a brief note about what it was.

Return this log and your math packet to your teacher by Friday, September 11th.

We are all mathematicians! Have a great summer and DO MATH!
