Dear Parents,

The deer seems to particularly love our school grounds. So I thought this would be a good time to give you some information about ticks. I've enclosed a link below that connects you to the Town of Fairfield Health Department website that has some great information on preventing and identifying ticks. Please take a chance to read it, and also please consider checking your children for ticks daily. If found and removed early, the risk of contracting Lyme disease and other tick-borne illnesses can be greatly reduced.

Thanks for reading and hope you had a lovely Memorial Day weekend!

Warm Regards,

Candace C. Chapman, RN/School Nurse

Jennings School
