

Welcome to 3rd Grade!

We hope you are having a WONDERFUL summer! We are going to have a fantastic year filled with lots of new and exciting learning experiences.

We hope that everyone has a great summer and gets the chance to spend time with family and friends. This will help you write great narratives, non-fiction pieces and poetry, which are some of the units of study we learn in 3rd grade. The more fun you have, the more memories you will have to help you develop seeds for writing! Below you will see some fun facts about the third grade teaching team that helps us think of fun things to read and write about.
