Mystery Letters:

Using a whiteboard or a chalkboard write a Word Wall Word. Now have your parent hide the board and erase 1 letter. Have them show you the board and ask you to fill in the missing letter. Repeat this...make sure your parent erases a new letter each time. Try this again but erase two letters at a time instead. Finally have your parent erase the whole word and try to remember how to write the word on the whiteboard or chalkboard. Do this for each of your words.

Word Wall Word Memory Game:

This is similar to any memory card game. Have your child write the word wall words out on index cards. Make sure you make two sets so that each word has a match. Mix all of the cards up and then place them face down on the table. Turn over two cards at a time. Each time you find a match shout out the word and then try to spell that Word Wall Word without looking. If you can do it in a SNAP you can keep it! If it's still tricky place the cards back down to try again another time.

SNIP SNIP:
