Dear Parents:

The Connecticut State Department of Education requires all Connecticut school districts to identify gifted children. In this effort, Fairfield Public Schools administered the Cognitive Abilities Test (CogAT) and the Naglieri Nonverbal Ability Test Second Edition (NNAT2) to your child in February 2014. The CogAT is a group administered test that is used to assess students' abilities in reasoning and problem solving using verbal, quantitative, and nonverbal symbols. The NNAT2 is a brief, nonverbal measure of general ability that is administered to students in the classroom.

The results of the CogAT and the NNAT2 for your child are attached. If the CogAT Composite Standard Age Score or the Naglieri Ability Index is 135 or higher your child qualifies for gifted education services under Fairfield Public Schools' guidelines. All newly identified third-grade students will be included in gifted education starting in the 2014-2015 school year.

If your child did not qualify for gifted education services through this year's assessments and if your child's score is between 125 and 134 (on either the CogAT or NNAT2), you can submit a 'request for review' application with your child's gifted teacher. The application is available on your school's website along with the Fairfield Parent Questionnaire and the Parent Inventory for Finding Potential (PIP). These three documents are due to your school's gifted teacher by May 9. This will start a process to review additional performance data to consider your child for gifted education services. A district committee reviews all students under the request for review process and results will be shared with you by June 18. Please note that participating in the request for review process is not mandatory and is optional.

The Fairfield Public Schools Gifted Education Program guide can answer any questions you may have about identification criteria and programming. This guide can be found at the school district's Web site, [www.fairfieldschools.org](http://www.fairfieldschools.org).

Please read through the CogAT and NNAT2 results and the Fairfield Public Schools Gifted Education Program guide carefully. If you have any further questions, please feel free to contact me or Teresa Samuelson, our Teacher of the Gifted.

Sincerely,

Principal
