

PRODUCT TIC TAC TOE

Materials:

A 9 sided dice and a dice labeled 1, 2, 5, 10, game board, two sided colored counters.

Directions:

- Player A rolls both dice and finds the product of the two numbers rolled and places a color counter on the correct square on the game board.
- Player B rolls the 2 dice and finds the product on the game board covering it with a different color counter.
- Play continues until one player gets 3 in a row horizontally, vertically or diagonally.
- The free squares count for a covered square for each player ONE time during the game.
