

# 3M Mission

As members of the 3M community, we will strive to treat all other members of our classroom and school community with respect. We will listen to our teachers and other classmates when they are talking and we expect the same from them. No matter where we are in the school (recess, lunch, specials, classroom, hallways) we will include all classmates. When doing our work, we will all try to focus, take our time, and respect all classroom books and supplies. When working in partnerships or groups, we will cooperate, be good listeners and use an appropriate voice level. We will have a successful classroom community when we treat others how we want to be treated and do our best work.

Sincerely,

---
