Welcome To RLMS!

Welcome to Roger Ludlowe Middle School! Are you ready for a new school, new friends, and a challenging and successful year? This year, you will be part of a group of students and four teachers. Our crew is known as 6-L. You will spend most of your day with your fellow "crewmates" during Language Arts, Math, Science and Social Studies. However, you will have a chance to see 6th graders from other crews during your Unified Arts periods and lunch.

Your first year at RLMS will be exciting and busy! You will participate in many wonderful and challenging learning experiences on a variety of topics ranging from Reader's and Writer's Workshop, to how river systems work, to geometry, to what life was like in ancient Egypt! We will be going on some fun field trips together, too.

In addition to academics, RLMS offers a great selection of co-curricular clubs and activities to suit students with all kinds of interests from drama to leadership to sports. We encourage you to get involved. It's a great way to make friends and develop some new hobbies and interests.

The 6-L teachers are very excited to work with you this coming year! We would love you to bring a 2" x 2" picture of yourself from last year for an activity we will be doing during the first week of school. Enjoy the rest of your summer vacation and be sure to keep up with your summer reading. We look forward to seeing you here at RLMS in late August!

She loves seeing children develop confidence in their mathematical problem solving abilities, as well as learn to express themselves clearly and eloquently in LA. Outside of school, Miss Kaczegowicz enjoys reading and spending time with her family.
