Dear 6-L Crew Students,

Wow! Can you believe that in just a few short weeks, you will be attending Roger Ludlowe Middle School as a 6<sup>th</sup> grader? It is true, and we hope that you are as excited about coming to Roger Ludlowe as we are excited about being your teachers this year.

Being a part of Roger Ludlowe Middle School will be an enriching academic and social experience for you. You will find that one of the main reasons why RLMS is a great school is because of the teachers. Mrs. DeNomme, Mr. Swaller, Ms. Paladino, Mrs. Dubin, Mrs. Capodanno and Ms. Kulas are looking forward to working with you this year. Mrs. DeNomme will love to share what she knows about weather, geology, ecology, estuaries, and much more in her Science classes. Mr. Swaller will take you back into history to learn about the ancient Egyptians, Greeks, Romans, and many other civilizations in his Social Studies classes. Mr. Z will explore data, statistics, fractions, decimals, geometry and many other mathematical concepts in Math classes. Mrs. Kulas, Mrs. Capodanno and Mrs. Dubin will be supporting students in the learning center. Ms. Paladino will be teaching Language Arts class where you will grow and develop as readers and writers. As you can see, you will be very busy with all of the exciting activities that your teachers are planning for you this year. In addition to your Crew teachers, you will also have Unified Arts (UA) teachers. The classes that you will be participating in for UA include physical education, health, music, computers, sewing, cooking, and art. Your days at RLMS will be very busy.

As the first day of school approaches, we would like you to begin preparing for your 6<sup>th</sup> grade year on Crew 6-L. Your preparation will help you start on the right foot and ensure that you get off to a successful start at RLMS.

Once again we are all looking forward to meeting you at **Orientation on Wednesday, September 2**. We hope you continue enjoying the rest of your summer.

Kindly,

Crew 6L Teachers
