## **PRINCIPAL'S MESSAGE**

September 13<sup>th</sup>, 2013

Greetings RLMS Parents/Guardians:

I am hoping that you were able to attend our Open House Night this past Wednesday. It was an exciting night full of curriculum, questions and learning about our exciting year ahead. It is always fun to see parents live a “day in the life” of a middle schooler! I am hopeful that you were able to gather some insights into your child’s teachers and instructional goals for the year. If you were unable to attend, please go to Infinite Campus (yes...another plug for Infinite Campus). You will be able to obtain the course outline for all of your child’s classes. Do not hesitate to contact a teacher or your child’s counselor if you have any specific questions.

I will continue to share information about exciting events that are happening at the middle school level. On the extracurricular front...clubs are starting! Information regarding clubs is announced throughout the school. Encourage your son or daughter to get involved and join a club. It is a great way to meet new friends and connect with their school in a different way. I am planning on strapping on my running shoes and get outrun by the entire RLMS Cross Country Team next week! Our website is under construction but it is growing every day. Teacher websites and additional information will continue to be posted in the weeks ahead.

Extra help sessions are part of our culture at RLMS. All teachers are available from 2:50-3:10pm every Monday and Thursday. Please encourage your child to seek out extra help and attend these sessions. There is now a late bus that runs from RLMS on Mondays and Thursdays at 4pm to help support all of our after school programs.

I am pleased to invite you to a parent coffee at RLMS to give an overview of our Math program. The purpose of these sessions is to provide the parents with an overview of the Big Ideas and Pearson resources that the BOE adopted in the spring of 2013. The sessions will include a demonstration of the instructional support the resource provides the teachers in the classroom, along with an illustration of the support that the resources provide at home to help the

student be successful in the classroom. For parents that will be unable to attend, we will be posting the information provided at the sessions on the district website.

### Math Coffees by Grade

	RLMS
<i>6th Grade</i>	Tuesday, September 17th 9 a.m. – 10 a.m. Team Room
<i>7th Grade</i>	Tuesday, October 8th 9 a.m. – 10 a.m. Team Room
