## **Test Tardy Procedure**

- If a student arrives tardy on the morning of the test, but before the test start time, the administration will determine whether or not they will be sent to their respective period class and take the test at their assigned time.
- If the administration determines that a student is too late to be sent to their respective testing period and start a test, the student will be held in the office until the next period. These students will be listed for needing a make-up.
- Geometry students will leave their class and go straight to their assigned study hall or test location, if a Smarter Balanced test is scheduled. These students will be permitted to begin their test later than the scheduled start time.

## **Schedule Conflicts**

- Students who are off grade-level, such as the accelerated math students, may miss some classes due to testing. However, their subject teacher is asked to review the schedule in advance and make the necessary arrangements to avoid such conflicts where possible. Where such changes cannot be arranged with the support of colleagues and the administration, the students will be assigned work by the teacher and required to go to the library media center.

## CMT *Delayed* Schedule for March 18

### Schedule for Delayed Opening

This schedule is based on the current delayed opening schedule, but obviously with some adjustments. The current delayed opening schedule has been kept as much in tact as possible.
