2017**

Crew 6S Newsletter

Dear 6S Crew Students,

Can you believe you'll be joining us at RLMS in just a few short weeks? We are so excited to have you as 6th graders on our crew, and we hope you're just as excited!

Being a part of Roger Ludlowe Middle School will be an enriching academic and social experience for you. You will find that one of the main reasons why RLMS is a great school is because of the teachers. Mrs. Lareau, Mr. Lazar, Ms. Murphy, Ms. Paladino, and Mrs. Reilly are looking forward to working with you this year. Mrs. Lareau will share what she knows about weather, geology, ecology and much more in her science classes. Mr. Lazar will explore data, statistics, fractions, decimals, geometry and many other mathematical concepts in math classes. Ms. Murphy will be supporting students in the learning center. Ms. Paladino will be teaching language arts class where you will grow and develop as readers and writers. Mrs. Reilly will take you around the world by exploring the cultures of Europe, Southwest Asia, North Africa, and South Asia in her social studies classes. As you can see, you will be very busy with all of the exciting activities that your teachers are planning for you this year. In addition to your crew teachers, you will also have Unified Arts (UA) teachers. The classes that you will be participating in for UA include physical education, health, music, computers, sewing, cooking, and art. Your days at RLMS will be very busy! RLMS also offers a great selection of after school clubs and activities that suit all types of interests. We hope you'll find one to join, as it's a great way to make friends and develop some new hobbies or interests.

As the first day of school approaches, we would like you to begin preparing for your 6th grade year on Crew 6S. There is a list of supplies on the right that will help you start your year off right. Please also bring in a 2" x 2" recent picture of yourself for an activity we will do the first week of school.

We are all looking forward to meeting you at **Orientation on Wednesday, August 30th**. We hope you continue enjoying the rest of your summer!

Kindly,
Your Crew 6S Teachers
