

Connecticut Recovers

Community Development Block Grant – Disaster Recovery Owner-Occupied Rehabilitation and Rebuilding Program

The State's housing recovery programs are designed to meet the housing needs of residents in communities most impacted by Hurricane Sandy that are not covered by insurance, FEMA and any other sources of funding. The general objectives of the State's Owner Occupied Rehabilitation and Rebuilding Program includes: assisting people directly affected by Hurricane Sandy; replacing and rehabilitating their homes; identifying mitigation measures; and improving the resilience(s) of their homes.

The State has allocated \$30,000,000 toward the Owner-Occupied Rehabilitation program. The grant award for each eligible property ranges from \$10,000 - \$150,000. The state will contract with the homeowner, and general contractor for the approved scope of work. The assistance provided will be secured with a five-year Deferred Forgivable Promissory Note that bears no interest. If the homeowner sells, transfers, or vacates the property for any period of time during the term of the five year Note, the repayment terms will be enforced.

You may be eligible if...
