

Mr. Carr's Kindergarten Update!

Reader's Workshop

As we return from our Spring Break KC will be jumping into their Fluency Unit. We will be practicing reading our Just-Right-Books smoothly and correctly. Books that come home in Reading Baggies are books that students can, and have read. They should be following each word with their “reading fingers” and occasionally stopping to ask themselves, “What is happening so far?” Continue to support your reader by practicing each night, talking about the books they are reading, and figuring out tough words together, using their reading strategies.

Math

Shortly after we return from break we will also begin to talk about place value and learning about what the numbers actually mean. We have been working on addition problems and touched on some subtraction problems. Students can practice their basic facts (between 1-10) each night, as these will be the foundation for future Math work! We are also collecting measurement tools in our Number Corner!

Writer's Workshop

The students continue to shine as we work on our persuasive writing unit! They first began writing about their favorite thing on the playground and are now working on finding a problem at school! They state their opinion, support it with evidence, and include an ending! Great job, KC!!!!
