

Mr. Carr's Kindergarten Update!

Reader's Workshop

This week the students started to look at Fiction & Non-Fiction stories. We have been discussing what makes a story Fiction or Non-Fiction. Talk with your student at home about different books you read together. Can they find evidence of a book being Fiction or Non-Fiction? Also, continue to emphasize checking the picture, asking ourselves if the word looks right and sounds right! Encourage your student to Re-read until they feel it is right!!

Math

Our class was introduced to Math-Racks this week! Using this tool allows the students to see groups of numbers immediately and recognize the amount. Work at home with your student on seeing groups of numbers and asking them "how do you know there are that many?"

Writer's Workshop

The students created pattern books this week using the sentence "I Can See...." During one of our Writer's Workshop blocks we had a special visitor, Mrs. Roxbee who was so impressed with how the students worked independently, stayed focused on their work, and attempted to stretch out and spell each word on their own! Great job, KC!
