

GO CUBS, GO!

# Mr. Carr's

## Kindergarten Update!

GO CUBS, GO!

### Reader's Workshop

We have started to notice patterns in our reading, as well as using the pictures and the first letters of words to figure them out! Continue to read with your child each night, reinforcing our strategies; getting your mouth ready, identifying the first sound of words and stretching out the rest of the word, asking ourselves, "Does it look/sound right & does it make sense?"

### Math

The students have started to explore 2-D shape! We discussed the ways we can describe Circles, Squares, & Rectangles. We will start to introduce Rhombus', Hexagons, and eventually make our way to 3D Shapes! Where can you find shapes around your house? Remember to keep writing numbers 0-10 each night for continued practice!

### Writer's Workshop

Next week the students will write their final piece of our Small Moment Unit. We will focus on matching our pictures to our sentences while also including labels in our pictures! The students have done a wonderful job of stretching out their words and putting down the sounds they hear! We'll jump into our Writing for Reading shortly!

### Reminders/ Notes

- Halloween Parade—Monday, October 31st. @ 2:30. All are welcome to and join outside the classroom to watch!
- Thank you to our volunteers who assisted with our Kindergarten Centers!
- No School November 8th or 11th Election Day & Veterans Day!
